## DEDICATION

### FRANCIS VERNON DOUGLAS

1910 - May 22nd Born, Johnsonville, Wellington.

EDUCATION: Local State school and then Marist Brothers Thorndon.

1927 - Commenced studies for the priesthood at Holy Cross, Mosgiel.

1934 29th October - Ordained to the priesthood for the Archdiocese of Wellington by Archbishop O'Shea.

1935-36 - Assistant priest, New Plymouth.

1937 - Joined the Columban Fathers, studied in Australia.

1938 - Was sent to the Phillipine Islands, studied language and customs in preparation for his new ministry among the indigenous people.

1939 - Appointed Pastor of Pililla, Phillipines.

1941 - Peral Harbour was bombed. Japanese invade the Phillipines.

1943 22nd June - Father Douglas arrested by the Japanese.

10th July - Best information suggests he died on this day after a period of detention and torture.

Fifty years ago, Kiwi Columban missionary, Fr Francis Vernon disappeared from his parish near Manila in the Philippines. All that is known for certain is that he was tortured, interrogated and then taken away by the occupying force. At the age of thirty-three this young priest was prepared to die for what he believed in and so in accepting his "Cross and Calvary", he followed Jesus to the end. Francis Douglas College honours the life of this young priest and so with pride, in the 50th year after his death, we dedicate this magazine to his memory.

## PRINCIPALS COMMENTS

**Principal Brother Timothy Peter**

### Message from Brother Tim

The students from Francis Douglas Memorial College, pass examinations according to their accumulated knowledge; they will live their lives according to principles. By our words as parents and teachers, they learn instruction; by our lives we teach them values. What is the use of knowing definitions, dates, facts and formulae, if our young people fail to see the beauty of life, to recognise the uniqueness of every person.

"In you, O Lord we live, move and have our being . . ." Let our lives reflect goodness, truth and justice. May there be freedom in our steps and upon our faces all the ideals that challenge the young to act justly, love tenderly and walk humbly with you their God.

Beyond the facts of history or the findings of science, may they have you Lord, to celebrate the beautiful moments and you Lord to calm the storms of life and change sorrow into joy.

Let our students find that life is a challenge, that what is behind and what is ahead of them is less important than what is within them.

To all members of the Francis Douglas Memorial College community, my thanks and appreciation to the students for their attitude of willingness, openness and co-operation; to the staff (ancillary and teaching) for their professional and pastoral approach; to the Board of Trustees and Parent/Teachers' Association, the parents and friends of the College, for their genuine interest and help to make the College the great place that it is.

## BOARD OF TRUSTEES

# REPORT TO THE COMMUNITY OF FRANCIS DOUGLAS MEMORIAL COLLEGE

By The Board of Trustees' Chairman Mr Michael Finnigan at the Annual General Meeting 10 August 1993

### BOARD OF TRUSTEES

Mr Michael Finnigan - Chairman

Brother Timothy Peter - Principal/Secretary

Mesdames Margaret Sullivan, Liz O'Sullivan, Father Tom Lawn, Brothers Pat Lynch, David Hawke,

Messrs Colin Comber, Ron Malin, Paul Fitzgibbons, Kevin Murphy (Staff Representative), Shane

Death (Student Representative), Bursar Margaret Hobson

### COMMITTEES

Finance & Property: Michael Finnigan, Paul Fitzgibbons, Colin Comber, Ron Malin, Brother Timothy Peter, Keith Hatcher (ex officio)

Professional: Martin Dravitzki (by appointment), Brother Timothy Peter, Liz O'Sullivan, Kevin Murphy, Des McMahon (by appointment), Margaret Sullivan, Paul Fitzgibbons

Appointments: Paul Fitzgibbons, Colin Comber, Father Tom Lawn, Margaret Sullivan, Liz O'Sullivan, Brother David Hawke

Discipline: Margaret Sullivan, Kevin Murphy, Paul Fitzgibbons

Since the inception of "Tomorrows Schools" the challenge facing Boards has been the pace of change. Rather than abating, change is now very much a fact of life and is likely to gather pace rather than abate. It will be the management of this change that will dictate how successful or otherwise Francis Douglas College will be in the future.

This Board is very mindful of the challenge facing it and the need to plan effectively to ensure this College can offer an educational opportunity at least equal to other competing institutions, if not better, but at the same time ensuring that our "special character" is not prejudiced.

To this end we have, or are about to institute several initiatives to achieve this object:

- 1) Development of a strategic plan for the next decade.
- 2) Develop business links/partnerships with appropriate industries to make available to our students the wealth of experience available in the wider community.
- 3) Take up the challenge presented by the new qualifications proposals released by the New Zealand Qualifications Authority.

The Board would require/welcome the input of parents, teachers and the wider community in this process.

Since integration the Catholic School system has been intent on honouring its obligations contained in the integration agreements. This has precluded consideration being given to new initiatives put up by schools. During the last year the Government has clearly signalled to all schools its willingness to assist school communities willing to help themselves. In light of this development the policy of the Management Board of the Catholic Schools in Wellington and Palmerston North has been changed to permit these schools the same opportunity as has been opened up for the state owned schools. The question of Government subsidy for integrated schools on the same basis as for state schools is currently unclear.

Whatever the final decision of Government, it is clear that if our schools wish to develop new facilities, then there is going to be a requirement for self funding. This is going to be an ongoing challenge, but will need to be faced.

In this regard, I would like to place on record the appreciation of the Board for the efforts of the Parent Teachers Association in raising funds for school purposes. Over the years this group has been outstanding in providing facilities for the students at the College. Often they beaver away unnoticed and their efforts can be overlooked or taken for granted.

The Financial Accounts for 1992 disclose a cash surplus of \$1,398 after depreciation of \$39,287, compared with \$21,239 after depreciation of \$38,629 in 1991. This reflects careful budgeting, rather than satisfying the needs of teachers and students in terms of curriculum demands. There is a danger to assume that if schools are balancing the books there is no need for further funding. This Board's experience is that H.O.D. requirements are trimmed to meet the funds available and we do not consider those Departmental heads budgets to be "wish lists", but rather an assessment of the real needs to deliver the curriculum adequately. The Board is also conscious of voluntary contributions from the community which effectively masks the inadequacy of funding.

The Board is appreciative of the efforts of the Principal and his staff in providing an excellent standard of education to the pupils at the College. This good work was reflected in the excellent academic results achieved in 1992. The Board also commends the efforts to meet the suggestions contained in the E.R.O. review. I would like to thank Board Members for their support and enthusiasm in administering the School, and to thank the Bursar, office staff and ground and related staff to ensure the efficient operation of the College.

M.C. FINNIGAN

## PRINCIPAL'S ANNUAL REPORT TO BOARD OF TRUSTEES - 10 AUGUST 1993

Our College Mission Statement states that the College exists to educate students for life within a Catholic environment where people share the Good News of Jesus Christ. I believe the College community students, staff, parents are working positively to achieve this goal and to bear witness to our special Catholic character. Students are encouraged to strengthen attitudes and values learnt in the home, to come to terms with the challenges our world gives them and to work towards having an informed conscience

through the Catholic Church beliefs and values. I take this opportunity to formally thank the administration team Mr Leo Walsh and Mr John Whyte for their support and advice; Mr Martin Dravitzki as Curriculum Co-ordinator and the Head of Department, the Deans of all Form Levels and all teachers on staff for their professionalism and dedication.

I praise the work of Mrs Margaret Hobson as business manager/bursar within the College. Margaret's commitment, efficiency and resourcefulness are great assets to the College. I thank the office staff and ancillary staff for their sense of responsibility and understanding.

Curriculum: In the Form 1/2 area the Dean, Mr Richard Doherty, now coordinates the main curriculum areas, this has meant greater efficiency in work covered. Prior to this year Heads of Department were responsible for Forms 1 and 2. Forms 1 and 2 students are travelling to Sacred Heart College for sewing and cooking. In Form 3 we introduced Horticulture as a compulsory subject providing options in French, Maori and Extra English.

The Form 1 to 4 classes have a reading programme established. There is one to one help with reading provided by Mrs Margaret Milne, Mrs Freda Dowd, Brother Gregory, four of our parents and volunteers from Form 7. This programme is very successful and has received many favourable comments from both students and parents.

Students who chose to do Maori this year have been on a number of excursions for cultural experiences. One day a week (whole day) we have a teacher coming in to familiarise our Maori students with marae experience, custom, prayer, Maori instruments and traditional music theory and practice and familiarisation with the Taiala (ceremonial staff).

In Form 5 French was re-introduced as a subject and is going well. Link classes are again being followed at Polytech so too the Physics (Form 7) classes are completing courses there.

There are a large number of students (22) doing correspondence courses this year - Form 5 Maori; German Form 5/6; Life Skills Form 6/7; Accounting Form 7; French Form 7; Horticulture Form 6; Music Form 6 (?).

Staffing: There are 26 full time teachers and 10 part-time teachers currently on our staff. There are 10 ancillary administration staff including the college office, library, teacher-aides, personnel, caretaker and handyman. Brother William returned to the College farm and is 'shaping' it again. Lindsay McMorran also returned from study leave.

**Boarding Hostel:** Mrs Liz O'Sullivan has organised visits to all Taranaki Parish Masses on weekends during June, July and August. Liz asked parents to speak at the different parishes. My thanks goes to Liz for her interest, support and encouragement in the promotion work. The parents who spoke from their personal experiences were all a tremendous witness to the College, very loyal, supportive and honest.

**Roll:** Our College roll at present is 482 and the number has remained reasonably constant all year. Visits to "feeder" schools have proved to be of benefit. The Open Day for new students in June was well attended by students and parents.

**De La Salle Brothers:** At present there are seven Brothers in the community. Brother Oliver and Brother Gregory are to be congratulated for their commitment and dedication to the beautification of the College. Brother Robert's untiring work on computers is to be commended. Brother Robert has initiated many staff in the computer world and has been of significant value in computer awareness among students. Brother Robert's professionalism, interest and care for all at Francis Douglas College will be sorely missed after this year. Brothers Geoffrey, William and Lawrence are to be thanked for the strong community support and witness they are to the College.

**Innovation!** With Brother Robert leaving us at the end of 1993 a decision had to be made re the reporting system for students - up to the end of 1992 Brother Robert held this responsibility. This year it was decided that all teachers be asked to learn to do their own reports on the computer. All teachers attempted this new procedure and I am very pleased to report that despite some minor hassles the staff have found this a rewarding professional development exercise. This procedure is not complete as yet and there are still some teething problems to work out however it is proving a very worthwhile exercise.

**Sports Activities:** I am pleased to say that our representation of students in the various sports teams within the College is extremely high, positive and there have been many fine performances both individual and team. Thanks to the many staff and parents for their involvement, interest and support of the students. Mrs Elyne Plumb (Basketball), Mr John George (Sportsmaster) and Mr Graeme Mustchin (Soccer) need a special word of thanks.

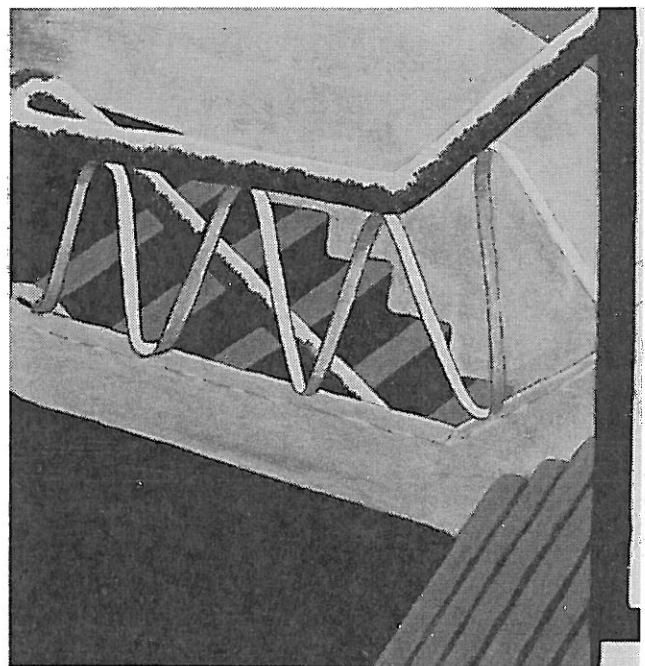

**Cultural Involvement:** This past year the College was involved in the Shakespearian Secondary Schools Content at Stratford, the Taranaki Speech and Drama Competition which also included a Maori segment and the O'Shea Shield competition.

There has been a renewed interest in the band, choir and music in general. Ms Yvonne Van Lent is encouraging the boys and with some new equipment added enthusiasm has been engendered.

**Parent/Teacher Association:** The Parent/Teacher Association decision last year to work towards computerising the library (\$25,000 plus) became a reality in May this year. The continuous support and work of the parents is very much appreciated. The work of Shona Manton, John Glass, Joan Gower and Ian Cull over many years is very much appreciated by the parents of the College. Our PTA executive and committee is to be thanked for their giving up of time and energy. Our FDMC parents/caregivers are to be thanked for their continued loyal support.

I thank the Board of Trustee members for their continued support and encouragement of me personally. I see the challenges presented as opportunities, I believe that as a College we are moving in the right direction. I believe confidence is building among students and the staff are facing the changes proposed in education with interest.

BROTHER TIM PETER

**Brother Robert on the move**

Br Robert McLaughlin has been a part of the F.D.M.C. for 17 years. He as a student (boarder) here in the early days of the College and for the past 17 years as a teacher. Br Robert is moving to Bolivia, South America after a short period in the U.S.A.

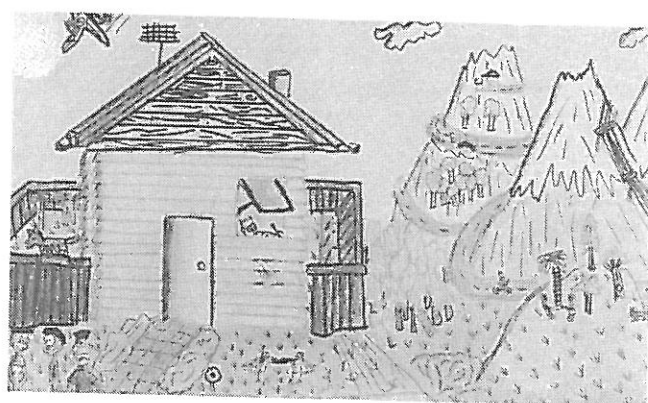

Br Robert has been an invaluable member of the FDMC staff and community. He has taught at all levels, English, French, Computing and Religious Education. Back in the early 80's, Br Robert started to introduce computers to the College and his work in promoting has encouraged students and staff to "come of age" and also has been able to have the FDMC computer courses recognised with NZQA accreditation. The computer network at the college has much to thank Br Robert for.

Br Robert was noteworthy in the sport area as well. He refereed and administered Soccer within the College for a number of years. Besides his school activities, he was called upon for supervision in the boarding area as well.

Br Robert always carried out his task(s) in a professional and dedicated manner. As a member of staff he will be missed. However the experience Br Robert has shared with us will long be remembered, by all the College community. Thanks for everything, Br Rob.

### **LEAVING AFTER ONE YEAR**

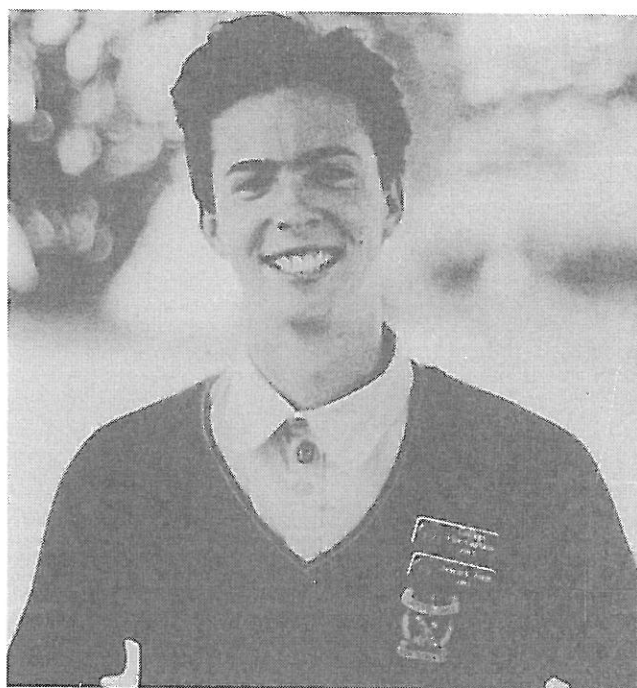

Mr Dean Thomas is leaving Francis Douglas Memorial College to take up a position at the Gisborne Polytechnic. During his time here Dean was responsible for teaching Graphics and Maths. He has proven to be a popular teacher, who will be missed by his students. A keen surfer Dean will be happy to be first to see the sun at his beloved Wainui. While at FDMC Dean coached the First XI Soccer and the Surfing team. We wish him all the best for his new appointment and will expect him to drop in (just as any East coast surfer would) any time.

### COLLEGE CAPTAIN REPORT

The year started as no other year. As everybody else went back to school Robbie Malin, Deputy Head Boy and I winged our way to Narooma, a small coastal town in Australia. The five or six days we spent there was an experience that I'm sure both of us will never forget. We would both like to offer a special thanks to Br Tim for making the trip possible. I would also like to thank Robbie for his support and encouragement throughout the year. Without a Vice Captain life would have been so much harder. Best of luck for the future Robbie".

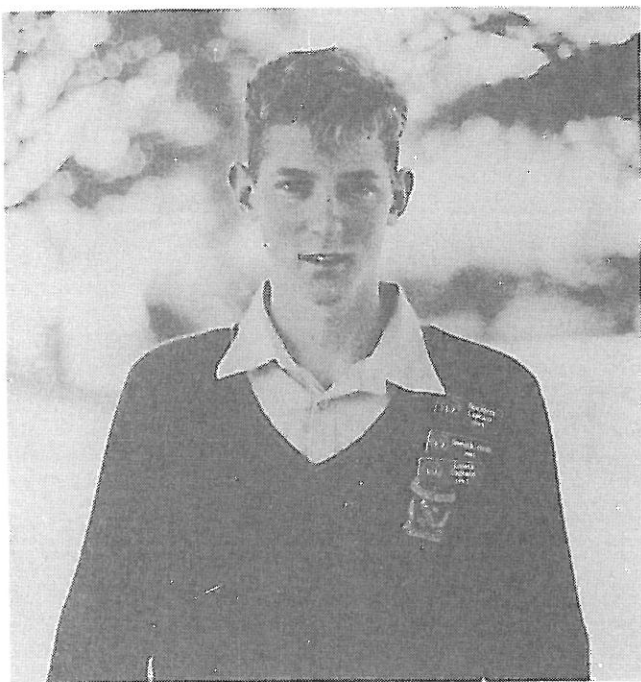

Unlike last year our Seventh Form had a two-day retreat where we focussed on ourselves, our goals, and our responsibilities for the year. We also had a few decisions to make about the dreaded Common Room which apparently was never clean enough to satisfy daily inspections made by Br Geoff. After several hours of negotiations we came up with a set of rules that has held out remarkably well in spite of several broken windows. This year has seen a number of Seventh Formers excel at school, on the sporting field and outside the College. Just one example is Blair Richardson who travelled to Canada with the New Zealand Youth Equestrian team. I'm sure that a feat that both him and the school is proud of.

Socially the year has gone exceptionally well, with the highlight being the ball which proved to be the best ball in years! Congratulations to members of the Social Committee for organising it and a special thanks to Robbie Malin and sidekick Daniel Kukec who without them decorations would have been impossible.

Br Tim deserves high praises for what he's achieved and attempting to achieve for the school. Often he is seen walking the court yard with a warm smile on his face, never walking past a piece of rubbish without stopping to pick it up. The school has a bright future whilst in his hands.

The sporting year was no exception to the past years. The majority of most top level teams were made up of Seventh Formers. The climax of the sporting year would undoubtedly be the naming of John Mitchell as an All Black to tour England and Scotland. Finally Francis Douglas has its first All Black!! Throughout the year we have held swimming, athletics, cross country, rugby and touch rugby competitions. Each of these were run smoothly and efficiently. More thanks must go to Mr George for his organisation of these events. The four House Captains: Sam, Shane, Daniel and Justin should be acknowledged for their dedicated leadership throughout the year. Well most of the time anyway!! I believe a special and sincere thanks should

**Shane Death**

go to Br Geoff for being both the Seventh Form Dean and somebody you could always turn to for guidance and help. Without his help my job would have been somewhat more difficult. For that and more I will always remember him. Keeping Seventh Formers under control is a very stressful job and I would like to congratulate Br Geoff on his job. With the majority of the school year over, I bid farewell to Francis Douglas and everyone I have been in contact with during my five years at the College. Especially all my past and present teachers who have had to persevere with me.

To this years' Form Seven, goodbye and thanks! Times have been great and I will miss you all when we depart in our different directions. The memories I have for the school I will cherish forever. The friendships that I have built up with each and everyone of you will not be forgotten.

To next years' Form Seven, good luck and I hope you get out of Seventh Form as much as I did. Don't forget to do a bit of work on the way! Go easy on Br Geoff!

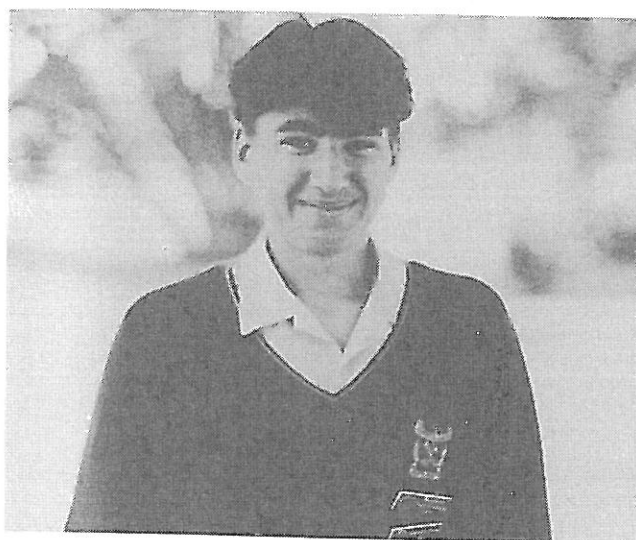

I wish everyone who I have met over the years at Francis Douglas the best luck for the future and to Francis Douglas thank you for making the five years I have had at the College truly unforgettable.

## COLLEGE VICE CAPTAINS REPORT

1993 will definitely be looked back on fondly, not only because it was my last year at school but because it was my last year at Francis Douglas Memorial College. Over the seven years that I have been here I believe this school has given me great things and I felt honoured this year to be able to give something back in the role of Deputy Head Boy. This year has proved to be a great year for our student sportsmen, our academic achievers and also the talented students involved in the fine arts and music. Success has also been achieved on the social frontier with a truly magical senior ball which involved many hard working and devoted people. I believe there was a collective team of over thirty people to construct the lavish settings for the ball and to make it all happen on the night. It proved to be one of the best balls in the history of the two schools! Thanks also to the social committee for the "vice-versa" costume social which went down without a hitch and proved to be the best school social I have ever attended in a mini skirt. This year has also seen the start of an exciting tradition: the Francis Douglas Memorial College Review Concert. We are truly blessed with a broad range of talents and it is my hope that these talents will continue to be nurtured and supported by the school community in future years. Thanks also to my good friend and captain colleague Leighton Butler. Many a time he has been in my support over this year and I am in gratitude to his high spirit and optimism which has enlightened and invigorated. I wish him well for his impending success. I also wish to thank Br Geoff (our Seventh Form Dean) and Br Tim (our Principal) who have given me guidance and valuable friendship throughout this year and since I have known them. I am very grateful for their support and their patience. This school has earned the respect and praise of the Taranaki Community and as I look around, especially at the younger students, I can see a bright future ahead. Finally, with the end of the year in sight and with exams looming, I want to wish all who are sitting them the best of luck and success for the future.

### **BOARDERS CAPTAIN REPORT**

The time that seemed so far away is here. The end of 1993 has finally arrived. It marks the end of another year in the hostel for the 82 boarders and for some of us it is the last. It is a year that holds many great memories for myself as I'm sure it does for others.

The boarders, traditionally the heart of FDC were no exception this year. As usual we had guys participating at every level in various sporting, academic, cultural and social activities. Although the boarders make up less than one fifth of the school role they are often seen in positions of responsibility. Once again the College Captain was a boarder. Also among the ranks there were two house captains, the Senior A basketball captain, the school hockey captain, the Student Representative and many other notable achievers.

The seventh form group this year started with nine and ended with only eight people. We entered the hostel as a small group of thirteen. Unlucky for some this was not to be the case for the dorm of '89.' Over the last five years together, many life long friendships have been made. The good times far outweigh the bad and the memories will never be forgotten. Thanks to Tutahi for his support as Deputy and also to all the guys for their help this year. Good luck with whatever the future may bring.

### **STUDENT REPRESENTATIVE REPORT**

Being Student Representative this year has been an exciting challenge. It brought me into a completely new situation which I previously had no experience of.

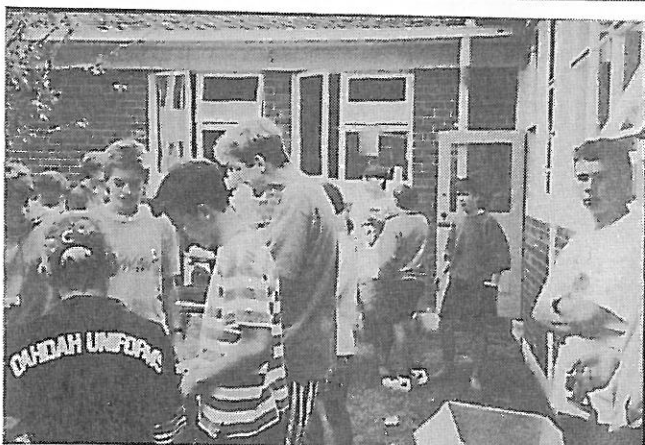

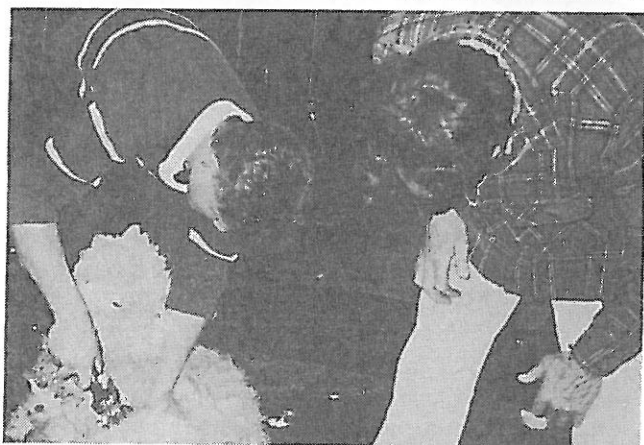

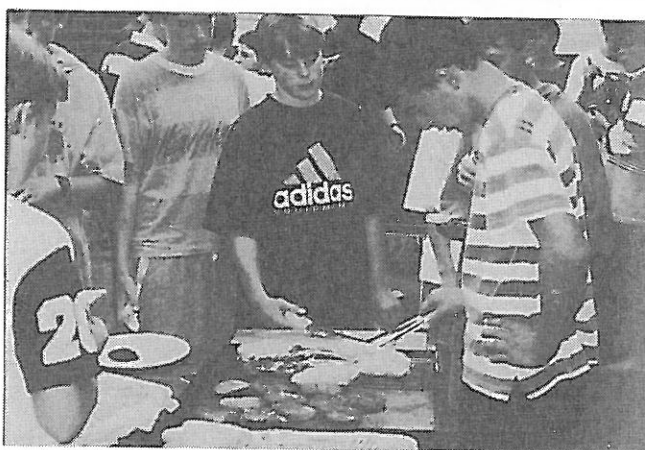

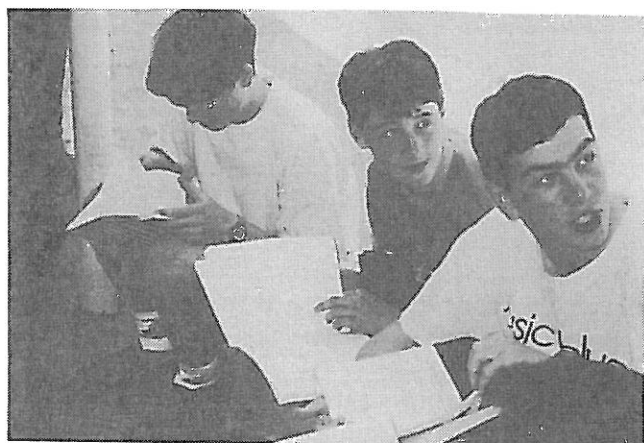

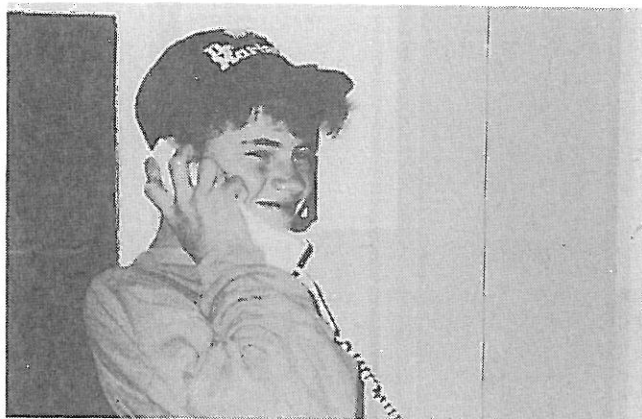

I was not at all sure what the meetings would be like and it was one very nervous seventh former that entered Room 6 that Tuesday night. After being welcomed by a reassuring Board the rest of the meeting passed in a bit of a blur. The technical meeting jargon took a lot of getting used to, but by the end of the night, I was starting to catch on.

There was a huge amount of background reading to do before each meeting but I soon got into the routine of getting through it. It has been quite a year from the students who haven't had much to suggest or complain about. Perhaps that is a good sign that there is nothing wrong with the school. A big development for the school this year was the decision to refurbish the existing woodwork room to prepare it for the new technology subject that has recently been introduced. The carpeting of all the classrooms in the main block has greatly improved the warmth and looks. I would like to thank all of the members of the Board for making me welcome. The work that they do on the Board usually goes unnoticed and they should be congratulated for their smooth running of the school.

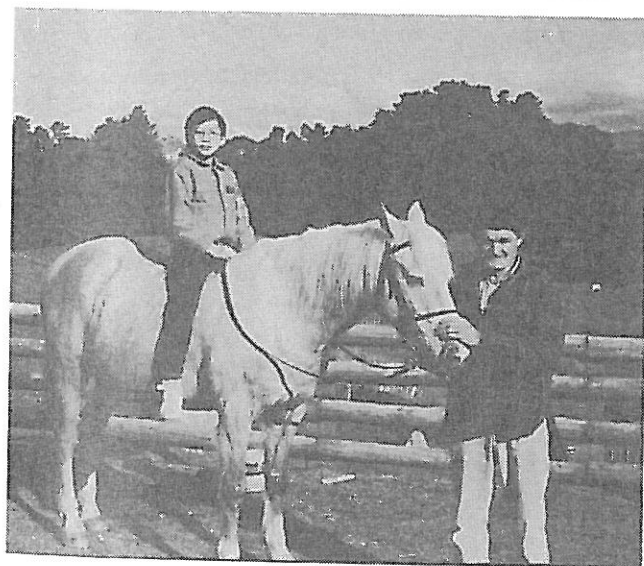

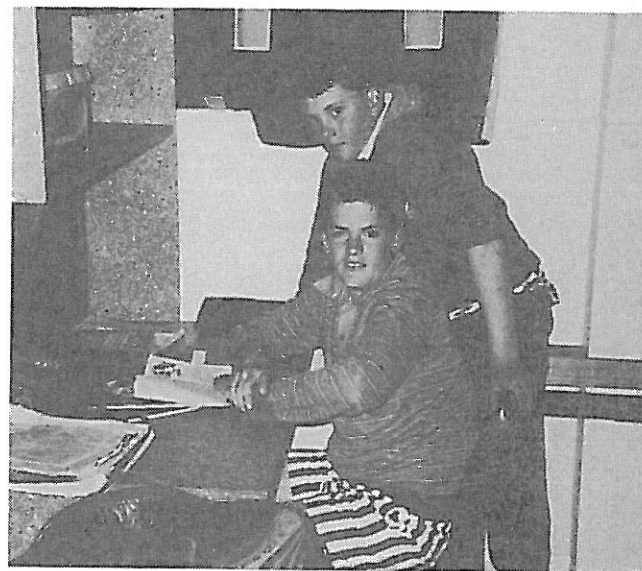

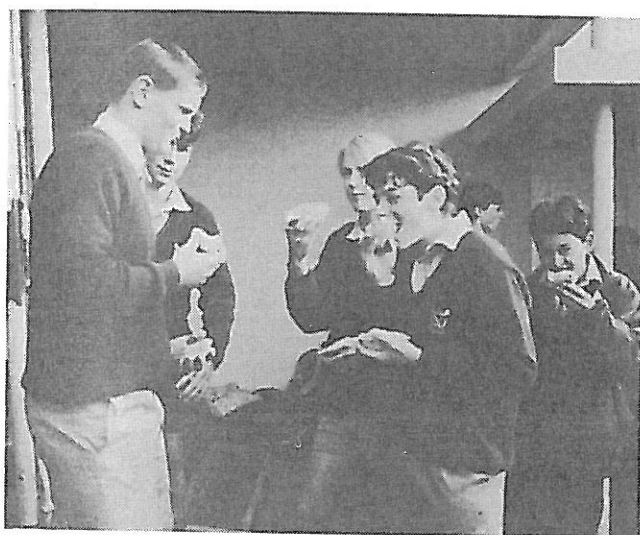

Finally, I would like to wish 1994's Student Representative the best of luck in bringing the students voice to the Board of Trustees.

## BOARDING 1993

### THANKS

I would like to take this opportunity to publicly thank all of those people who have contributed in no small way to the smooth running of the Hostel this year- the supervisors, the Hostel staff, the Matron Mrs Fleming , the Brothers and the boys themselves for their cooperation over the year and finally to the parents for their continued support and encouragement.

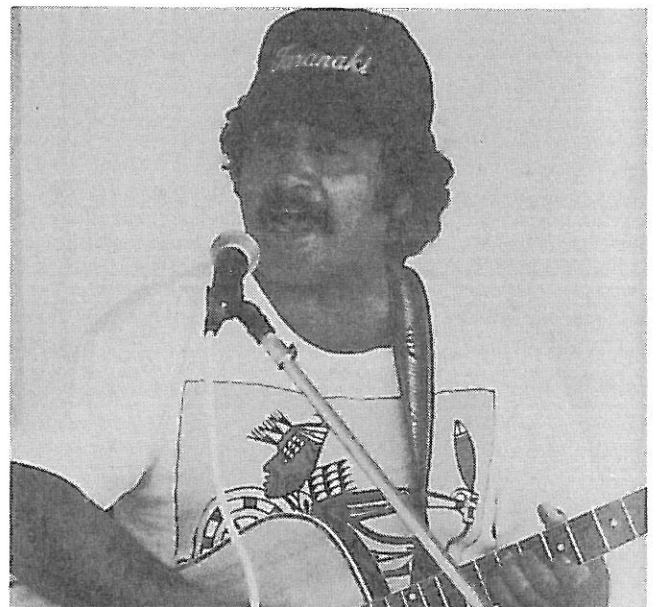

**PRESIDENT'S REPORT 1993:**

I have much pleasure in presenting the report of the Francis Douglas Memorial College Parent Teacher Association for the year ended May 1993. As every parent will be aware there is an ever increasing demand for money to be raised and it is often unfortunate that we constantly call on the generosity of the same people each year to assist the college in maintaining the required level of its equipment in different facts of school life. The committee is very aware of the demands being made of the parents financially and we wish to thank you all sincerely for your constant generosity in this regard.

The committee had the job of organising two gala days, the success of these reflects the hard work done by the entire committee of the P.T.A. together with the college staff, especially the untiring work by Peter Hill, and the volunteers who assisted on the day and the many parents who gave either of their time or by donation to make these days successful. There was a profit of around \$6,200 from August and \$7,100 from April. Throughout the year the P.T.A. has been involved in other fundraising activities. Early in the third term a Garage Sale was held at the college to sell off excess from the gala day, a profit of \$400 was attained. A tuck shop was run at the Touch Rugby 7-a-side. Br Tim approached the P.T.A. at the September meeting with the request they consider taking on the major project of updating library search computer facilities. The committee agreed with this request pledging \$25000 over two years. To keep us on target for this we decided to sell pizzas, garlic bread and pies twice a term, (on going through this year). Grants to the college during the year have been \$16000 which has been spent on the library computer system.

There are a few committee members I would like to thank especially for their services over the years. John Glass our secretary has been the instigator of many fundraising ideas. It is a big commitment to meet deadlines with newsletters and minutes which John has done. Ian Cull who seems to have been on the committee for years. Ian has put in many hours with gala days and will be sorely missed. Joan Gower because of commitments had to resign as treasurer at the beginning of the year, thank you for the time you were with us and to Jill Watson for taking over the position. Carolyn Winstanley and Ann Fitzgibbon for all the support and help especially at gala time. To all other committee members whom I have not mentioned individually but have put in time and effort to make the raising of funds a lot easier. The support from Br Tim, John Whyte and staff have always kept the P.T.A. informed of school activities and have been keen to help when needed. We are also fortunate to have on the committee Liz O'Sullivan and Margaret Sullivan from the B.O.T. which helps us maintain a valuable continuity between the Board and P.T.A.

Colin Comber spoke to the P.T.A. in March outlining a discussion paper the B.O.T. are considering on the strategy plan for the college. Maureen Forsyth at this stage is our rep on this committee. Finally, I would like to wish the College, staff and all associated with the education of our boys, all the very best and God's blessing for the future.

## **Aaron Hill Junior "Kata" Champion New Zealand**

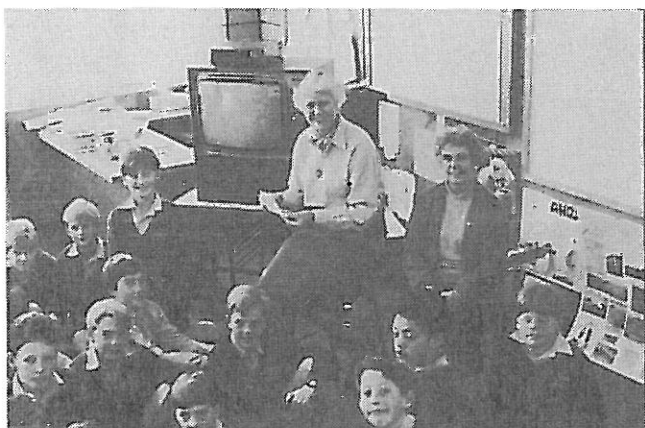

I joined the Okinawan Go ju Ruy Karate Club at the age of nine. At the age of twelve I became a 1st Dan Black Belt. In May of this year I won the junior "Kata" section for the second time at the New Zealand National Championships. I enjoy Karate because I learn self defence, good self discipline and it keeps me fit.

## CELEBRATION

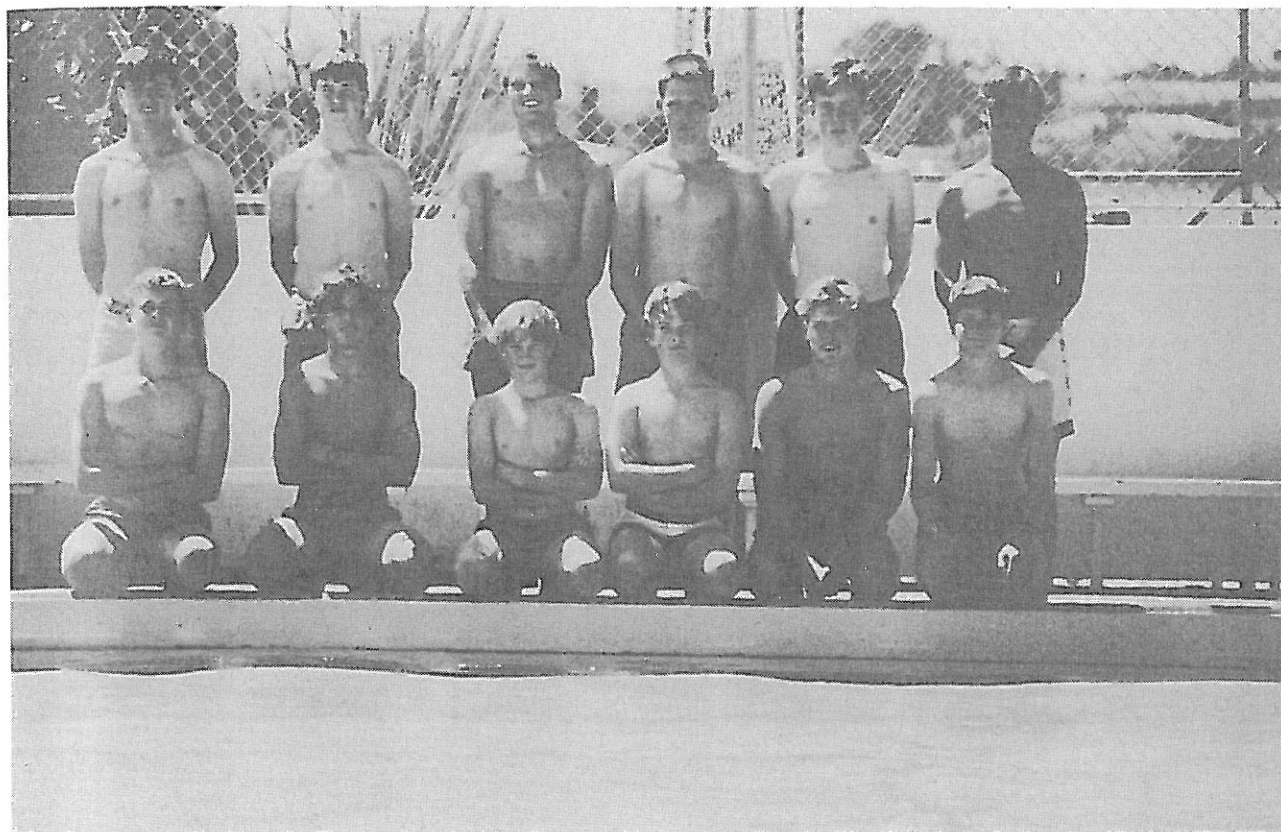

***Form 1 and 2 make a presentation to Miss Patsy Wright-Warren***

Form 1 & 2 had a visit from the Ryder Cheshire Project's Officer, Miss Patsy Wright-Warren. This was an exciting event. The \$800 cheque we gave to her was well received. This money goes straight to the 'Raphael' complex in India for the support of all, especially our special contact Kalawati. The money was raised by Intermediate boys with different activities like car washing, cake stalls, ice cream stalls, sausage sizzles, raffles, pizza and pie selling. The enthusiasm of the boys is incredible. The latter part of the year we support our own local food bank and the Children's Cancer Appeal.

### READING FOR LIFE

Reading is part of our lives and National Reading Awareness Week was to emphasise the value of reading from birth to death. During the year we have tried to encourage the students to read at home and to see reading as a lifelong activity.

Adults from the community came into the school during the week Sept. 19-25 to read to the students. To listen to an adult read is a good role model - to be seen to do rather than to just tell the student to do.

To hear the written language is to stretch the students mind and to lead to better reading and writing.

Our adult readers came from all walks of life and many age groups. I hope that the message that "Reading is for Life" was a clear one.

MARGARET MILNE

### THE PROBLEM SOLVER

There was this new boy obviously a prop forward for the rugby team. He went to the local college. His name was Simon and he was a genius in his own eyes. His teacher was a dimwit who only passed play centre. The period was Maths and Mr Division, the teacher, was writing on the blackboard. The figures shown were factorise 2. The class copied it down like lemmings but Simon argued. His calculation was  $135. a + 8 + 16a$ . Mr Division said "Tis catalor ees wong" (This calculator is wrong) in baby talk. Simon screamed in frustration and went berserk. He leaped off his chair and strangled Mr Division who gasped like a goldfish out of water. Simon grabbed the chalk and began to squiggle all over the place.

Mr Division yelled at the top of his voice and tried to grapple with Simon. The WWF presenters slid into the classroom and filmed the incident. 'Jesse Ventura' and 'Mean Dean' gave comments to the viewers like "Terminator 2 looks like a boring kids program such as Play School and Sesame Street when compared to this horror". Even Arnold Schwarzenegger clapped his hands to his eyes when he witnessed the event in his ranch on his home TV and had nightmares for a month of the gruesome child play. Meanwhile, Simon was slippery as an eel (maybe he was an eel) and escaped from Mr Division's gorilla squeeze so intense that immortal bricks would not survive and be crumpled into dust.

He covered the classroom walls and the whole school with graffiti of maths that poured out of the chalk and then announced to who cared to listen "I believe that I have solved every problem in the universe". Mr Division growled like a diesel engine and came forward even faster than any vehicle on earth or space could attempt.

Mr Division was in the progress of strangling Simon as Darth Vader vs Luke Skywalker - the principal heard what Simon said and told him sharply "No you haven't solved all the problems in the universe. You have to, somehow..." he eyed the graffiti "... get all this off the walls". Simon groaned. Mr Division said "It doesn't pay to be always bright".

The Principal droned on boredly. "I will have to expel you. What do you think, Mr Division?.. Mr Division's eyes gleamed. Simon groaned again as if the Principal had stuck a knife in him. In other words it had the same effect.

The WWF presenters went away. They were too upset to watch any more. In the end it appeared that Mr Division was expelled. The Principal was in his office when he sent for Simian a few weeks alter. Simian asked "I thought I was expelled?" The Principal smiled sweetly "See, you aren't as bright as I thought! That means you stay in school". He shrugged "Don't worry though. The dimwit is taking kindly. He has got 28 mad, screaming toddlers teaching him. Its an awful fate. I know but he deserves it". Knock knock "that'll be your new teacher - open it please". Simian opened it and screamed. The Principal smiled again. "Allow me to introduce Mr Division twin brother!"... TRENT BELL F.3

## RADIO ESTUDIANTE

The idea for starting up a radio station in the school actually came up last year when I found a circuit diagram for a small FM transmitter. I discussed the idea with my cousin Richard Hopkins who was keen to get involved. We approached Br Tim with the idea and he loved the idea and said that there was something similar at the school he was last at in Australia - but that is as far as the idea developed at that stage.

This year we got involved early, getting a bit of advice from 93.2 Energy FM and approached Br Geoff, the media studies teacher. The next step was to get sponsorship for some music. We approached the Entertainers and though negotiations were touch and go to start with, we came to a satisfactory agreement for both sides.

With all the hard work behind us, we needed to get some staff. I asked a few people - Richard Christie agreed to join the crew as our D.J. and Sam Richardson wanted to be our newsman.

We were deciding on how to run the show when Esteban Bravo, the Argentinian Exchange Student asked what we were doing. When we told him what was happening, he asked if he could join. Naturally we said yes.

With program planning out of the way, we decided we needed a name. I wanted something related to the school, but also like the others, nothing too dull and boring. Finally I decided upon "Radio Estudiante". Estudiante being Spanish for student.

We decided on working for 20 minutes on Tuesday and Friday lunchtimes. We had to start pushing out noise from a hostel room for the first couple of weeks, but we soon got a standard set up.

We had a couple of test runs in the last weeks of the 1st term, just to work out the bugs and we almost had a riot on our first broadcast because of "technical difficulties". We started late.

Since then, we have had a fairly good year, with an article run on us in the Midweeker on the 2nd June and with the introduction of the "Gary and Barry Show" (Gareth Collings and Craig Barraclough), on Wednesdays part way through the 3rd term.

Shortly after we worked with Mr Mustchin on advertising around the school for the Variety Review, in return for the chance to make a bit of money by selling drinks, chips and more bars. The event was very successful with a great response from staff, students and their families.

But without everyone mentioned, especially 'The Entertainers', we would never have got Radio Estudiante off the ground and flying with the birds.

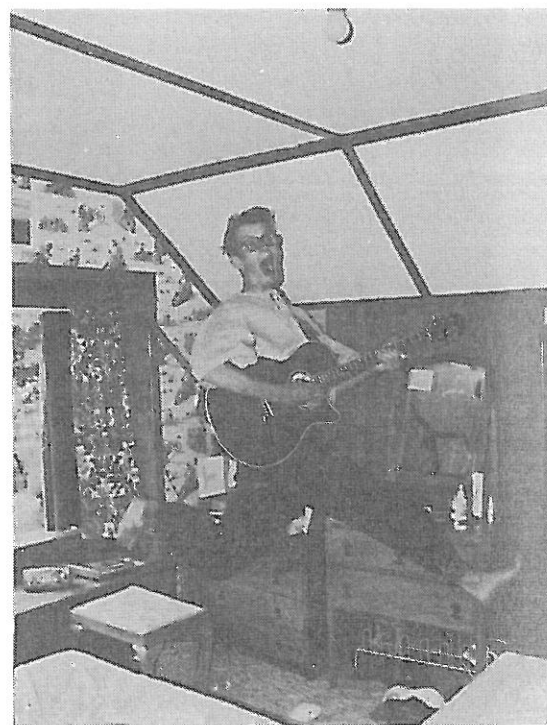

I hope that the "Gary and Barry Show" can keep the station going as it has given the school lunchtimes a bit of a lift and it would be a shame for all our hard work to go to waste.

I'm sure that the station will grow and carry on in the years to come.

#### THE BLACK HOLE

As I was walking down the stairs I knew this was going to be one of the most frightening experiences I would ever encounter. As I approached my destination I clenched my hands together harder than I ever have before. I pulled off the cover and looked down the long black hole. Thoughts raced through my head. Did it end? If it did how far down was it? What was down there? Then, finally, I plucked up enough courage to put my hand down the black hole. My hairs stood on end as my hand brushed past cobwebs and then something stuck to my hand. Oh no! is it a 'red back' or a scorpion or even a bat? I quickly pulled my hand back out to find a daddy longlegs on my hand. I quickly threw it off and put my hand back down again. Sweat broke out and started to drip from my forehead. No, I couldn't handle it. I pulled my hand out again and took many deep breaths. Why couldn't my brother do it? Why do I have to do it? But who am I kidding, I was chosen and my dad and family depended on me. I put my hand down yet again, and as I muttered prayers under my breath I heard scuttling, like rats, but I kept going and going. It felt like it went on forever. Did it? If it did I was going to find out, so I kept my hand going down until I reached it. I gave a sigh of relief and turned the mains tap so dad could fix a dripping tap.

#### TIME FOR MYSELF

"Wow, what a beautiful sunset," I shouted to everybody. It was a calm, clear, bright night. The moon was staggering. It was so big and full.

"Come on" said Dad, "lets go shoot some rabbits." Even though it was a beautiful night the air was very cold. Boots, gloves, hats and coats were pulled on quickly. We walked down the dirt track and through the gate into paddock number seven. It was so peaceful with the splashing of the waterfall. A disturbed opossum sprinted up a tree clawing at the bark as it rustled through the trees.

"SSH" said Dad, "I think there is a rabbit over there" pointing to my left. "Shine the torch over." I thought to myself as the light met with a pair of little shining eyes, "I can't let this poor bunny suffer." I pretended to trip and dropped the torch just before Dad pulled the trigger. "Oh you clumsy clout," said Dad. I could tell he wasn't really angry. The bunny had its freedom as we turned back up the track. It was another calm, clear, bright night. I think I'll stay in by the telly tonight.

MATTHEW McDONALD (Form 1/2 1st Place)

#### DEVOID OF EMOTION

We stand like pawns  
on the chessboard of life,  
watching the slanted  
movement of the Bishop,  
and the all powerful  
movement of the queen.

We stand in the  
shadows of the knights,  
and the sanctuary of the rookes.

As pawns we move  
but only one step at a time,  
like the king, but do we  
have the same power?

But as we think, it is when  
we move, that all the  
other pieces can themselves  
become mobile.

#### LANDSCAPE

Look across the flat land  
To where the sun sinks below the bronzing hills  
And all the earth seems red,  
Once red with the blood  
Of the people and the lives  
Now stained by the sun  
While the wind explores the ruins  
Perhaps, one day  
The people will return  
The cities will be restored;  
Life will come back.

But for now

The sands are the only citizens  
And the rains are the only visitors.

## MUSIC

### MUSIC

1993 has been a successful year for those involved with the music department and budding and more established musicians had the opportunity to express their talents at an end of year Review Concert, for many, their first public performance.

John Plunkett opened the show with his rendition of *Cats in the Cradle* - an excellent performance setting the standard for the acts to follow. Solo items included Raoul Begg, Jeremy Burn, Carl Van Lent and Leon Gray on piano, Richard Smiley on saxophone and Clem Mustchin on clarinet.

Esteban Bravo brought us music of Argentina and Daryl Payne and Sam Kirk, *Tears in Heaven*. Andrew Leusink and Patrick O'Donnell sang a medley of the Everly Brothers to a rapturous and enthusiastic audience followed by Robbie Malin in the guise of Elvis Presley performing a gyrating version of several of his best known songs.

Variety was added with Jeffrey Lock demonstrating his skills in the art of clogging, followed by 3 well known personalities who demonstrated their expertise on the flute. It is appropriate to acknowledge performers not mentioned here for their versatility and fine performance in making the night a success.

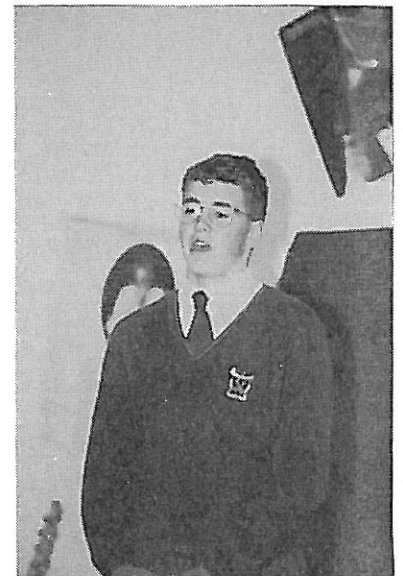

Congratulations must go to Leon Gray, a fine musician of great talent in both performance and composition.

Winning a nationwide Composition Competition with his song "No More than History" was a tremendous achievement, gaining for the school, music equipment to the value of \$1,600.00.

Leon performed his winning composition in public for the first time at the College Review Concert.

Leon is also extremely busy with his music talents outside the school. He is currently studying for his Grade 8 Trinity College piano exam. He is a member of the Stratford Community Choir formed after the show *Oklahoma* of which he was part of and is also a member of the Stratford Band 'Applejac'.

A dedicated and entertaining musician both in the school and within the community. We look forward to his future achievements. Formed this year under the direction of Lou Stassen, the Concert Band performed a couple of items enabling both beginners and the more experienced to work together as a team.

## ACHIEVEMENTS

18 SEPTEMBER 1993

Professor Michael J Kelly FRS

It was announced in London on 11 March that Michael Kelly, a former pupil of St Pius and St. Joseph's schools and of Francis Douglas College, was elected a Fellow of the Royal Society. This is the most long-standing and distinguished scientific academy in the world, founded in 1660. Each year 40 new Fellows from the UK and Commonwealth are elected across the sciences, engineering and mathematics. Only about 15 New Zealanders worldwide share this distinction.

Michael Kelly, son of the late Mr and Mrs. S. Kelly of New Plymouth, entered Francis Douglas College in 1960 and was Dux of the College in 1966. Brother Tony Gaul taught him Mathematics, Chemistry and Physics and in Michael's own words "set me up for what followed". He gained fifth highest marks in the university entrance scholarship examinations, the top scorer from a Catholic school. Michael played a full and responsible role in the life of the school. He was a prefect and vice-captain of Solomon House, secretary of the Young Christian Students Society and captain of the Debating Team in his final year. The principal at that time, Brother Julian Bernard, described Michael as a methodical and conscientious student who would go far in the future.

Michael completed a BSc degree in Mathematics and Physics at Victoria University in 1969. He was awarded the Sir George Grey senior science scholarship and the Sir Robert Stout scholarship for the best student completing a pass degree. He returned to Victoria and completed an MSc in Mathematics in 1971. He won a Unilever scholarship in order to study for a Doctorate of Philosophy in theoretical physics at Gonville and Caius College, Cambridge University, England. He investigated the electronic structure of solid surfaces at Cavendish Laboratory. After gaining his PhD he was awarded a British Science Research Council advanced fellowship to enable him to continue with his research for a further period of five years.

From 1974 to 1981 Dr Michael Kelly continued with a wide range of researches in Cambridge. During that time he was first a Research Fellow and then a Teaching Fellow, at Trinity Hall. Within that time he also spent one year at the University of California, Berkley, and six months at the Max Planck Institute for Solid State Physics in Stuttgart.

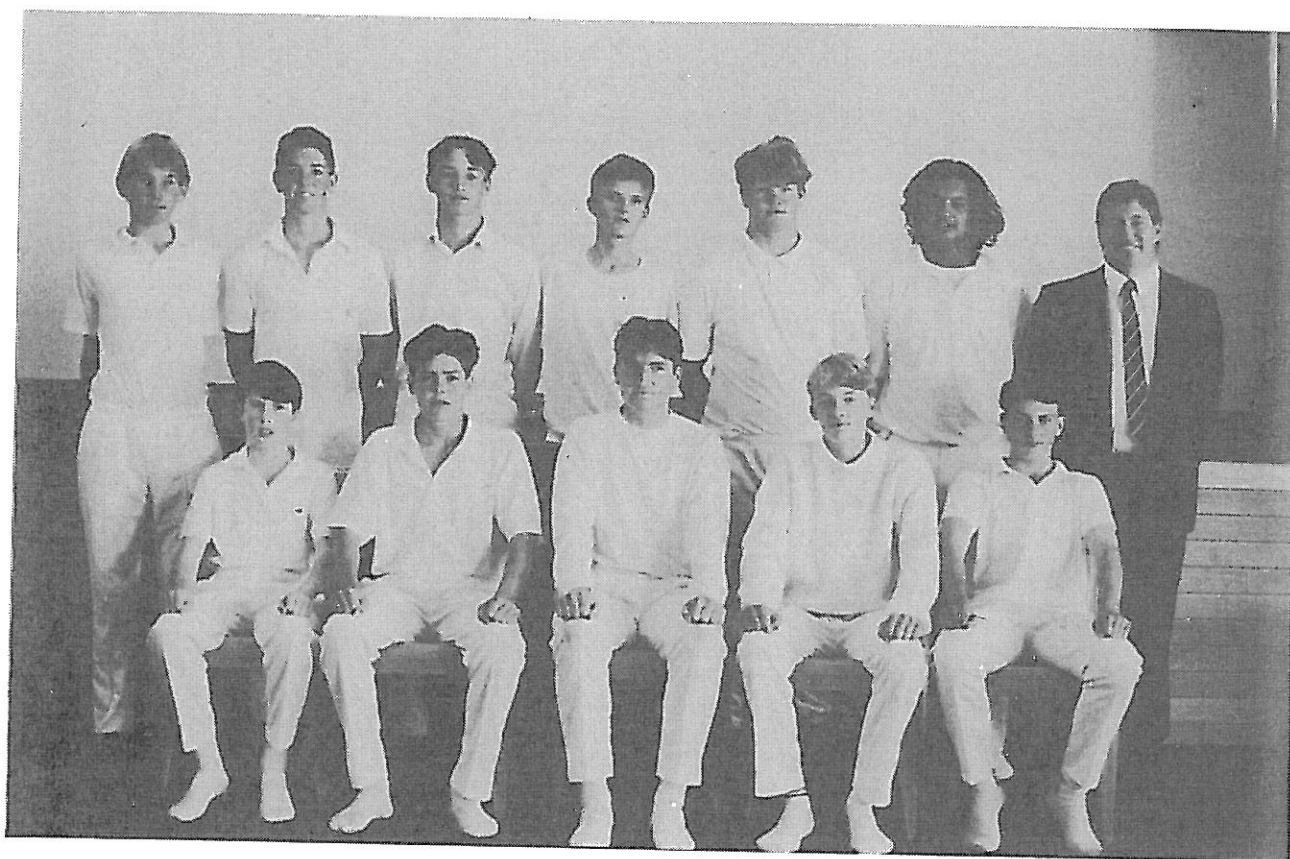

In 1981, Michael joined the research staff of the General Electric Company at its Hirst Research Centre in Wembley. He was a founding member of a new Long Range Research Laboratory, dedicated to finding and solving science and engineering problems that could bring long-term benefit to the GEC. Starting in 1984, he built up a research team that established new semiconductor physics principles that have led to a new generation of high performance electronic devices for microwave radar and communication systems. Some of these devices are now in production and sale with GEC Plessey Semiconductors. Between 1988 and 1992, he returned to spend 80% of his research time at the Cavendish Laboratory, and at Trinity Hall, examining a new set of physics ideas for their eventual device application. It is this range of research work that has been recognised by the electors.

Since October 1992, Michael has been Professor of Physics and Electronics at the University of Surrey. His brief is to undertake research and teaching across the disciplines of physics, electronic engineering and materials science. He is a Fellow of two professional bodies in the UK, the Institute of Physics and the Institution of Electrical Engineers.

The Royal Society citation says he is distinguished for his work on semiconductors and their electronic properties. "He has made particular advances in understanding the properties and potential of the new area of superlattices and low dimensional structures, which he is seeking to exploit in the terms of novel electronic devices," the citation said.

Michael Kelly has, for the past five years, funded an award for the best student of Science and Mathematics in the seventh form of Francis Douglas College.

### 1ST XI CRICKET REPORT

The 1st XI in the 1992/93 season performed admirably after losing several senior players. The team then was mainly inexperienced and consisted of many 5th and 6th formers.

We played in the senior 3rd division and after unsuccessful victories at the start, pulled a few back later in the season. After starting the season with good batting, our bowling lacked consistency but improved later in the season to record good victories. Everyone performed well with good fielding and batting.

Our final game of the year was against St Peter's College from Palmerston North. Both teams played well with St Peter's emerging the winners by about 35 runs.

Thanks to Mr Edwards, Mr Kale and Mr Smith for their help in coaching.

## 2ND XI

Francis Douglas 2ND XI went through a rebuilding stage this year. With a very young side, it really lacked experience - this showed at vital times. The team had its best games towards the end of the season with "two" fine wins.

Grant Fleming batted consistently throughout the whole season, with Simon Brown who bowled well at crucial times.

Thanks to Mr Goodin and Mr Wigg for their time and effort.

Cheers!

## FOURTH GRADE GREEN

The first part of the year went very well for F. D. C. fourth grade. The team played very well right through the year and never lost a game. The team had some very good players who played well and set us up for some very good wins. The team was blessed with some very fine bowlers such as Simon Brown who bowled with pace all year and put fear into the batsman that faced him.

Simon was backed up by Steven Taylor who was our best bowler and he won the best player for Jr Cricket and was the one who set us up for most of our wins. The team had some very fine batsmen who always made a good team score and made it very hard for other teams to get. The team coach was Mr McDowall with help from Mr Bowling made a very fine team.

## 5TH RED

At the beginning of 1993 the Francis Douglas 5th Grade Red cricket team won its division. All boys had a very enjoyable season. There were 14 boys in the team and each had to have a turn of standing down. Our Coach Mr Mulvaney did a great job of supporting us on Saturdays and training us on practice nights.

## FDMC BLUE

We had a hard year only winning 2 games. The best game we had was when we got 142 runs and Spotswood only scoring 63. Best batters were Andrew Watkins 40 and Paul Secker 39 not out. Best bowler was Damian Nairn 5/17. The other game we won was when we scored 73, the other team scoring 71. Apart from all the losses and 2 wins I think all the boys enjoyed the game.

### FIRST XI

This year the first eleven played in the Senior Men's Second Division Competition.

**Coach:** Mr Thomas

**Captain:** Simon Finnigan

**Most Valuable Player:** Des Murray

**Team Spirit:** Robert Frew

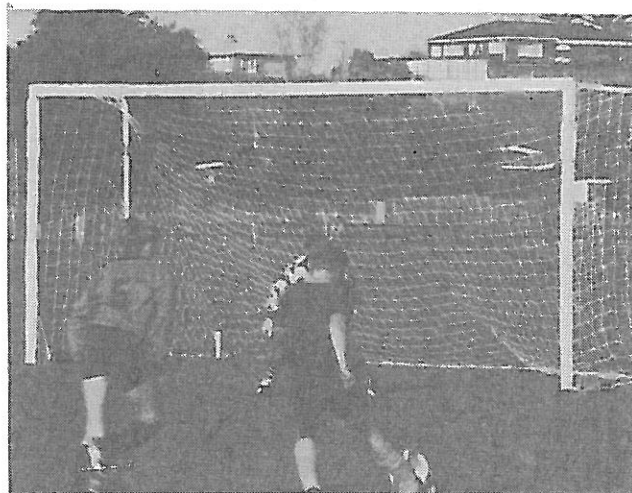

**Runners up in the Senior Second A competition.**

For the first time in the College's history the first XI travelled to the New Zealand Secondary School Soccer Championships. This year the Division tournament was in Auckland.

During the first week of the August holidays they played 6 games; won 3, drew 1 and lost 2 games.

On the final day they played De La Salle, Mangere to decide the tournament winner and were unlucky to lose 2-1.

They proved to be great ambassadors for both the College and for Taranaki. Simon Finnigan, Des Murray, Matthew Jordan and Josh Herlihy were named in the Tournament team.

## **NATIONAL BANK JUNIOR MATHEMATICS COMPETITION**

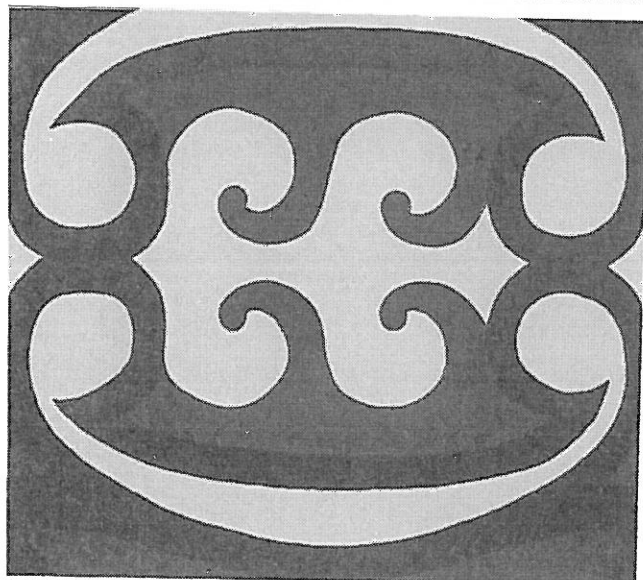

Ten Thousand N.Z. Form 3, 4, 5 students entered this competition which consisted of a one hour written examination in problem solving. The top 15% nationally received awards.

The following were successful:

### **CERTIFICATE OF MERIT**

Form Three: Patrick O'Donnell,  
Simon Smith  
Form Four: Richard Smiley  
Form Five: Andrew Secker

**TOP ONE HUNDRED AWARD**  
Form Four Clem Mustchin

*Daryl Simonson*

Once again this year there has been numerous opportunities for the more able Mathematicians at the College to pit their wits and their skills against students from other Colleges.

At FDC we feel that these opportunities are very important and the Competitions are to be taken seriously because often it is only under pressure that one really finds out not only where one's talents do lie but also just how good that talent really is.

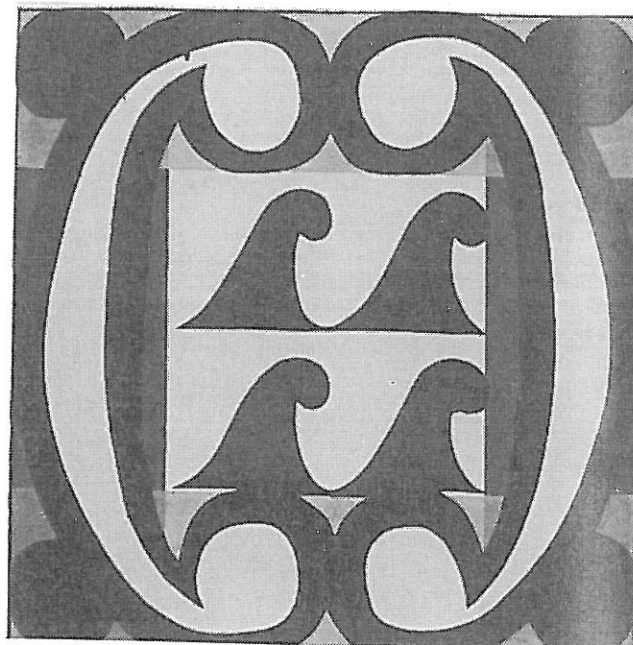

The following is a brief report on 1993.

## **TARANAKI MATHEMATICS ASSOCIATION TEAMS COMPETITION**

Two teams of four were entered at each level from Form One to Form Four. Form One & Two levels each had thirty teams and The Secondary sections each had fifteen teams.

Form One: Jared Coster, Oliver Kirk, Tom Mace, Andrew Cronin were **FIRST**  
Form Three: Sam Kirk, Shaun Dettling, Michael Wheatley, Aaron South were **THIRD**

Form Four: Clem Mustchin, Shane Bowling, Hamish Forsyth, Ryan O'Byrne were **SECOND**  
This was a very fine effort.

## WESTPAC AUSTRALIAN MATHEMATICS COMPETITION

This truly international competition is organised from Australia. It consists of a 75 minute multi choice test in problem solving. The top 50% receive awards. In 1993 there were 520,000 entries from about twenty countries. This included 30,000 students from 333 N.Z. schools. Our efforts this year were truly memorable. 44 students out of 60 gained awards. For the first time ever we had students who were in the top 1% and we had students who won prizes. This was a mighty success and one for the College to be truly proud of.

## 1ST XV 1993

Coach Mr John George, Manager Mr Andrew Sorensen. Another good year with fifteen wins from twenty three games. Highlights were:

- \* 2nd in the Taranaki Secondary Schools' A Grade Competition, winning three of the five college games.

- \* Wingers and fullbacks scoring 33 tries.

- \* Leighton Butler and James Cookson being selected for Taranaki Secondary School and Simon Kurth for the Taranaki U16.

- \*Points for 545 against 303 -

- \* Dion Tihema scoring 140 points.

Justin: Hardworking, determined, competitive, who led the team by a positive display.

Leighton: Completed an excellent season, a classy, speedy and effective player.

Tony: An effervescent player who provided the spark to turn games; unpredictable, elusive but always positive.

Orson: A broken jaw curtailed what was a promising start to the season.

Daniel: A powerful and impressive season with strong aggressive running.

Mark: Proved a valuable asset with his calmness on defence and his willingness to participate in attack.

Stephen: A skilful young back who gained in confidence.

Duncan: Reliable, consistent and tidy; a stabilizing force in midfield.

Dion: Top points scorer; confident but sometimes a little erratic.

David: A somewhat inconsistent season for a player of considerable talent.

Nathan: A player who displayed considerable improvement; his passing was of quality.

Tim: A steady and reliable loose forward whose workrate was outstanding.

Anton: Although slight of build he hunted ruthlessly and he supported intelligently.

Grant: An excellent season on the open side flank, tackling was courageous.

Mathew W: Aggressive, ran straight and

hard and tackled powerfully.

Gareth: A steady season; keen and worked well in both the tight and loose.

James: Unfortunately plagued by injury but was a key member of the tight five.

Mathew M: Invaluable in torrid situations, skilful lineout thrower.

Raymond: Considerable improvement as the season progressed; lineout jumping became more consistent.

Ben: A player who worked tirelessly in the tight; reliable, dependable and competent.

Simon: Enjoyed an outstanding season, improving as a scrummager, strong running with the ball in hand and at the front of the lineout.

Chris: Enthusiastic, hardworking and competitive.

Malcolm: Quick, elusive but season curtailed by injury problems.

## **2ND XV**

It was a good season for the 2nd XV. We set our main goals for the season to improve individually and as a team unit, and to beat every other team in our competition at least once. The team certainly improved as a unit showing real strength and commitment by the end of the season. We narrowly missed beating all of the other teams but were very competitive in our competition, finishing 3rd. The highlights of the year were our two college games, the first against John Paul College 1st XV from Brisbane was narrowly lost, and the second against De La Salle 2nd's was an exciting last minute win. There were many fine individual performances during the year but the overall impression was of a team that got on well both on and off the field. A special thanks to Mr Dowd who gave so much of his time to manage the side, and to all the parents who provided both transport and support during the season.

## **B2 3RD XV**

A team with great spirit who went out to enjoy themselves and did so. Best game was against Patea (lost 15-3) where full commitment and effort were outstanding (previous game was lost 43-7). Very unlucky to lose several points in last minute of play. Inconsistency was biggest obstacle - no team completely outplayed them during a whole game. They had periods of dominance in every half, but couldn't maintain it. Very enjoyable season overall.

The trial at the beginning of the season showed clearly that there is a huge amount of rugby talent at Francis Douglas College. Those selected in the C1 team this year had a lot to prove. As the year progressed there was no doubt that this year's team indeed had the talent, confidence and ability to more than compete with any team in Taranaki. It is to the credit of every team member that we went into the grand final undefeated. A three nil defeat in that final was not the desired result, but once again the team showed its fine character by taking it in a gracious manner. Each member of the 1993 C1 team has a fine rugby future to look forward to, should they decide to continue with their development.

RICHARD DOHERTY

## **C2 GRADE**

The team contained many talented players but was able to play well as a team on only a few occasions. Weak tackling cost them several games. By the middle of the season, a regular team had evolved and most turned up regularly to practice.

The boys enjoyed their games and finished with 8 wins and 8 losses out of 17 games.

Several players improved greatly during the season and will have bright futures in rugby. Keelan O'Connell and Matthew Watkins were very aggressive and valuable players. Neil Death and Neil Hocken improved steadily during the season. Brad Coogan showed great cunning as hooker and Che Taiaroa, Bevan Watson and Karl Carey showed skill and commitment in the backs. Gerard Uhlenberg and Paul Topless made consistently good efforts every week.

Special thanks to Mr Jim Watkins for his help with coaching and managing.

Top Grade Shield

Games Played 14: Won 12, Lost 1, Drew 1

After a somewhat hesitant start to the season the 1993 D Grade team became quite a formidable combination. Despite the early loss to Hawera Red in a non-competition game the Francis Douglas side went on to remain undefeated (with a 15 all draw with Patea - co-equal premier) and to retain the Top Dog Shield. In a very good team effort only three or four players really stood out. Craig Morresey at centre was the most consistent both in attack and defence, and scored 24 tries during the season. Aaron O'Neill was a very aggressive leader of the forwards whilst Brian Anderson at half and captain led by example. Andrew Roberts at 1st/5 was the pivot of the backline and ensured smooth service to the backs and with his trusty left boot often got us out of trouble and turned defence into attack. Blair Luscombe at lock and Regan Kendrick were the most consistent of the forwards. Overall though a fine team performance averaging 34 points per game.

## **E GRADE**

The E Grade ended the season on a high note. With a superb display in their final game the E Grade defeated Stratford High 22-19 to recapture the Top Dog Shield and to finish with a convincing lead in the Championship.

With a hardworking forward pack complimented by classy backs the E Grade enjoyed an extremely successful season. Brendon Taylor, Vaughan Maclean, Chris Hancock and Michael Reid made up an excellent front row and it was the scrum that often kept the team competitive especially in close games. Kelly O'Byrne, Shamus Crawford and Don Francis competed well in lineouts. The loose forwards Karl Johnson, Joel Merewether, Leonard Gifford and Craig Melody hunted and harried opposition which were often much larger. At No. 8 Simon Brown was outstanding.

The backs were well serviced by two skilled half backs - Brendan Clegg and Tristan Hancock. At first five Stephen Heal was tidy and dependable. The two centres Jarad Mason and Haedon Smith were ruthless on defence and exciting on attack. The teams scoring machines on the wings. Harley Butler and Matthew Gray each scored over 100 points. At full back Nathan Mouatt and Michael Wigg were steady on defence and elusive on attack.

Overall a most successful season.

## 9TH GRADE RUGBY

Although outsized, the 9th grade season proved successful. The team held together well and a fine spirit was always evident. Patrick Thacker, Brendon Anderson, Ryan Blackbourne and Nathan Hessel provided an effective front row. Michael Marsh, Adam Fraser, Owen Edmonds and Wade Moselen were hard-working locks. Good skills were shown from the loosies Nick Carter, Nick Kowalewski, and Michael Stuck. Michael also the team captain, showed fine leadership qualities and always led by example. The backline of: Luke MacDonald, Darryl Taylor, LeightChristiansen, Joseph Kaye-Caldwell, Leon Maxwell, Shane Wilson, Philip Smiley, Matthew Easton and Rohan Craig were always supportive of one another and never shirked their tackles. Aaron Brady proved to be an excellent Manager. He displayed fine all-round organising skills and as co-coach his manner, dress and attitude were nothing less than exemplary. Aaron also displayed fine cycling skills during matches for the benefit of both spectators and players alike.

## 10TH GRADE RUGBY

Conrad Smith - Captain - Top Try scorer - will wear his father's Taranaki jersey  
Scott Ireland - very skilled fullback with a boot to match  
Shaun Johnson - elusive runner, determined tackler - he's hard  
Patrick Southee - all the talent of his father, but very polite  
Aaron Fisher - the find of the year - loved to run with the ball  
Nik Beattie - some good lineout ball. A fast forward  
Jason Chandler - probably our best forward on the charge  
Jared Coster - caused havoc among opposing backs  
Oliver Kirk - much improved - a good team man  
Ross Little - not far from the ball - good support play  
Craig Ludlow - displayed a good knowledge of the game  
Simon Merewether - showed much speed on the wing  
Lincoln Reed - a workhorse in the tight play  
Hemi Tamati - a convert from league - valuable front row  
Iain Taylor - enjoyed his rugby on the wing  
Lance Wight - turned out to be a good lock forward  
Br William - Coach - watched it all happen and enjoyed it  
Howie Tamati - Assistant Coach - no doubt picked up some ideas  
Trevor Smith - Manager - Referee - father of Captain Conrad

**Front Row:** Mrs T. Gaffney, Mark Butterworth, Chris Campbell, Craig Dockar, Robbie Malin, Brendan Clegg, Jim Gollan, Greg Topless (kneeling)

### **PUBLIC SPEAKING**

During the weekend before Easter a group of drama and public speaking fanatics from Francis Douglas competed in the O'Shea Shield Competition. This year it was held at Viard College in Porirua. Students from Catholic schools from all over the lower half of the North Island gathered together to compete, communicate and socialise.

Accompanied by Mr Marris (now known as "Leadfoot"), Br Geoff (no-one passes him and gets away with it), Mrs Ryan (who obligingly allowed me to drive) and of course Mrs Gaffney (commonly known as Mrs O'Shea Shield). Our accommodation was hardly 5-Star, but what did we expect with a name like "Rowena Budget Lodge".

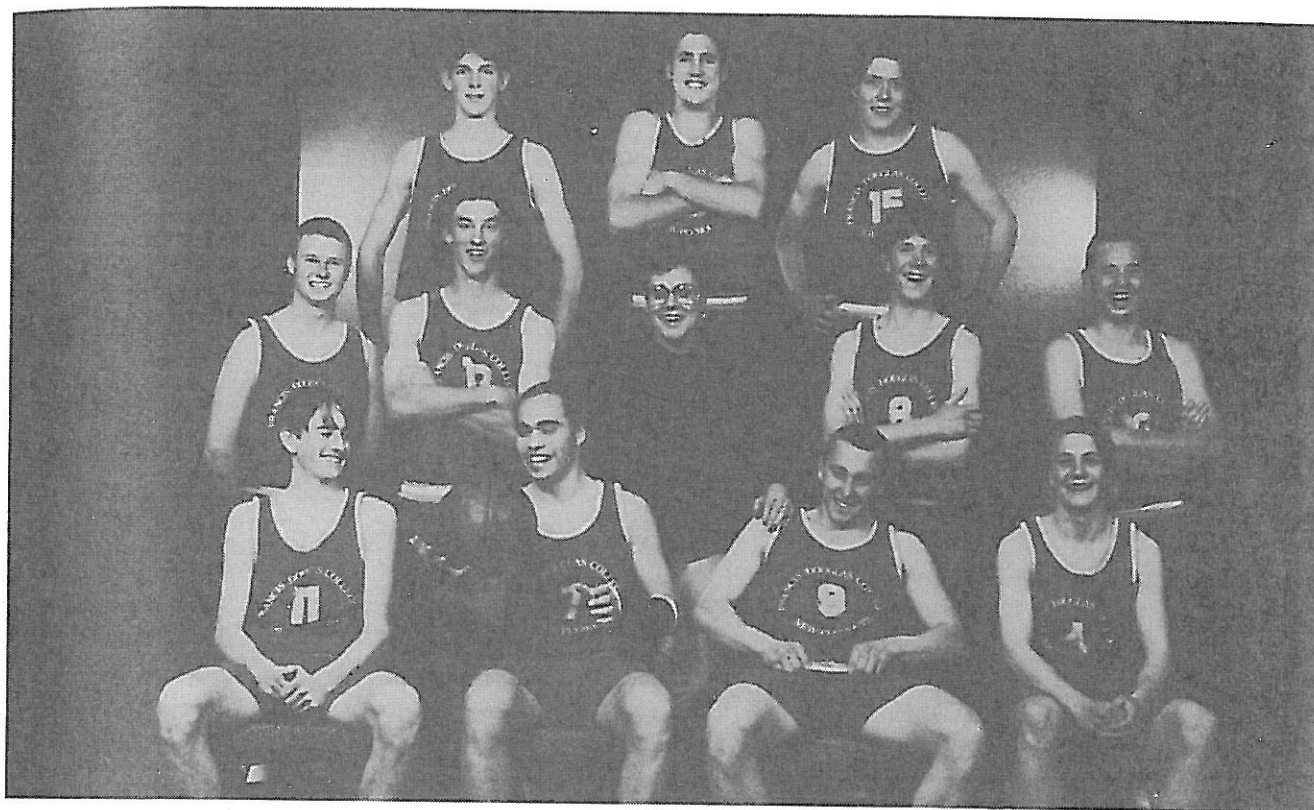

All of us did very well in our respective events. Greg Topless' Scripture Reading enraptured the entire chapel and oozed into 3rd for his efforts. Jim Gollan was definitely the crowd favourite in the Junior Prepared Speech. Although the judges didn't appreciate his efforts, everyone spoken to said that he deserved a placing. The Religious Questions team of Greg Ewing, Shane Death and Daniel Kukec answered well under intense pressure with Greg Ewing (The Iceman) digging deep within his spiritual being to answer 75% of the questions correct. The event everyone looks forward to is the Drama. Robbie Malin, Mark Larmer and of course Chris Campbell had the audience in stitches for six and a half minutes. Unfortunately, there was a time limit of 5 minutes. We were penalised and thus lost all hope of a placing. Sunday morning began early with the Debating team of Stephen Prestney, Mark Butterworth and Mark Larmer. Though we may have been beaten by the narrowest of margins by Sacred Heart Lower Hutt in this highly entertaining debate, Mark Larmer our leader was judged Best Speaker. Then it was the moment everyone except me had been waiting for - the Impromptu Speech. My topic, "..... it crept out of the woodwork", hardly had my brain churning out ideas. In the end I was happy just to get off stage.

Melios Newman's oratory had the audience spellbound and he seemed assured of a placing. The judge however, was of the opinion that Melios was too quiet.....; Next year Mel!

Points were tallied up and although we didn't get a placing, we scored the highest ever total in F.D.M.C. history. Most importantly though, we beat our sister school, Sacred Heart. All of us shall remember the endless barrage of Women's Suffrage Year items, me falling in love, the sheer arrogance of St Pats Silverstream and of course the competition.

### BASKETBALL 1993

Another very busy year for Francis Douglas basketball teams, with twenty teams participating in various competitions.

The commitment of senior boys to coaching once again made a successful season possible. Practices were well attended, enthusiasm was great and motivation was extensive.

Junior basketball at FDC was of its highest standard yet, with the F1 Raiders team coached by Kerry Ludlow coming runners up in the II league and in the 'Finals Competition.' The U14 Grade was completely dominated by the 4 FDC teams with FDC Hornets coming second in the league competition and finals, to FDC Jazz who convincingly won every game. Boys to show excellent potential here were Michael Sullivan, Simon Hart, Chris Hancock, Matthew Reese, Sam Kirk, Vaughan Maclean, Carl Bennett, Aaron O'Neill and Simon Smith. The Under 16 Grade was won by FDC MMM team (short for Melios' Magnificent Men). Although much shorter than most teams in this league, all players were very competitive. This team went through the league and the Finals Competition without losing a game. Players of particular note were Melios Neuman, Jonothan O'Sullivan, Dwayne Reese, Aaron Ratahi, Daniel Hancock.

The U18 Grade was a new innovation this year and was tremendously successful. FDC entered 4 teams with the FDC MM team (Matthew's MOB) winning all their league games plus the finals. Matthew Armstrong, Trent Manton, Simon Ball, Stephen Griffiths and Stuart Rutherford were the major contributors to this team effort.

A very big thank you to all coaches and supporters of these teams.

## **SENIOR A:**

Melios Newman (Captain): 3rd year, point guard. Controller of the game. Excellent tactical sense. Tremendous enjoyment from setting up the game for others. Gifted player.

Trent Manton: 3rd Year, guard or forward. Left handed unorthodox style. Always made an impression in every game by doing the unexpected when least expected.

James White: 3rd Year, forward, nicknamed 'Fingers' - master of the inside game. Strong and powerful.

Matthew Armstrong: 2nd Year - forward. Big improver. Excellent pull up jump shot. Strong on the boards. The 'dunker' of the team.

Jonathan O'Sullivan: 2nd Year - Genuine swingman. The Romper Stomper of FDC. An amazing vertical.

Dwayne Reese: 1st year, guard, the 'Rookie' - Has a 'left-hand'. Very talented. Fast and agile around the court. Our biggest improver.

Shane Death: 1st Year - forward. Great shot under the boards. Developed well over the season. The Peter Pokai look alike.

Tim Sullivan: 1st Year - swingman. Tenacity plus! The most clued up on the mathematical statistics of passes!

Simon Ball: 1st Year - guard. Into "3 pointers." Deft little left hand reverse lay up.

Aaron Ratahi: 1st Year - forward. A big little man. Great potential. Unusual shooting style that works! Quick and fearless around the court.

Daniel Hancock: 1st Year - guard. The 'fast' find of the season. Heaps of raw potential. Great 'stealer'.

Scott Wheeler: 1st Year - guard. A Scott Douglas fan. A real trier and a great supporter.

Coaches: Willie Banks alais Chill. More commonly known as 'Bill Banks' - Nice Guy,

Elyne Plumb - better known for her administration skills and her attitude toward fair play!

This team practiced hard throughout the season. The comraderie and co-operative spirit built by mutual respect. Amongst players, administrators, parents, friends and coaches was something I personally was very proud to be part of. Melios Newman had a tremendous input into this team, his influence and commitment were of the highest calibre. Newer squad members showed rapid improvement.

## **Competition**

Played in the NPBA Men's Premier Grade. Placed 5th best team in NP,

Fixtures with: St. John's Hamilton, Church College Hamilton, St Peters Palmerston North, PNBHS, NPBHS, Hawera HS, Wanganui College including schools from Wellington area.

Runners up: Taranaki Secondary Schools Tournament.

Qualified for Secondary Schools Regional Tournament (Wanganui)

Played Secondary Schools Central Zone Tournament (New Plymouth)

Came Runners up. Trent Manton and James White making the Tournament team.

## **Senior A Certificate**

## EXCHANGE STUDENTS

Thomas Friis - Rotary Exchange Student from Finland

It all started in August 1992 and after a few days of settling down it was time for school. I still remember my first day at FDMC. I was introduced to some boys in my class by Mrs Milne, but after that day I had to make it on my own in a boys school. Thanks to the interest of both students and teachers showed me, I soon became part of the college. Returning to school after a good NZ summer and being a 7th former was something special. Being able to take part in different sports like basketball, swimming, athletics etc has been an experience on its own - something they don't have in Finland. Now after 6 months in the 7th form and hard orientation days, socials and some serious study, I know what it means being a 7th form student in NZ and FDMC and I would not trade it away for anything. What also makes me feel good is that I am not recognised as a foreign student who doesn't understand English any more, but as Thomas, Thomas the Finn. Unfortunately I can't stay longer, it is time to move on in life. But I got to go to the Ball, which was the best ending of my year I could hope for. Hopefully, I will be able to come back in a few years time and certainly will visit FDMC again. But until then goodbye and thanks for the best 12 months in my life. Special thanks to the 7th form '93 and the guys in Loreto V. The best vertical form in school.

THOMAS FRIIS

Young Fin Discovers New Zealand's Coastal Life  
Thomas Friis, Francis Douglas's exchange student from Finland says his experiences of surfing and life saving is a major highlight of his trip. The 19 year old young man from the little island of Houtskar in the south-west of Finland has experienced many changes with his exchange to New Zealand. Thomas lives with his mother and father on Houskar which has a population of 750 and a town consisting of five shops.

Thomas has an older brother who is currently serving military training in the Finnish Navy. Unlike New Zealand, Finland has compulsory military training for all males over the age of 18. "Once you turn 18 in Finland you are called up for military training, but you have until you are 26 until you have to enrol."

School is also a major difference Tom had to come across on his stay in New Zealand. Finnish schools have many more options and the students have a wider range of subjects. In Finland students complete 15 subjects, which are divided throughout the year and in these 15 subjects three subjects of Finnish, Swedish and English are compulsory.

"The education system in Finland is totally free and all students receive a free lunch every day." Thomas describes New Zealand as a beautiful place with a variety of natural nature and good beaches. He especially enjoyed his beach life in New Zealand of surfing and life saving and puts it down as one of his highlights. The young Fin is usually used to lakes with no waves where he lives, so surfing was a great adventure for him. In Finland Thomas is accustomed to skiing, playing volleyball and hunting ducks. He says there is a greater demand on playing sport in New Zealand and generally New Zealanders play a lot of sport especially in school.

"In my school in Finland they don't have one school sports team, if you want to play sport you have to join a club."

Tom has coped well with his endeavours and although he misses Finland he was in no hurry to go home. He has learnt that New Zealand is more than sheep, Kiwifruit and Steinlager, he has experienced New Zealand from skiing its highest mountains to surfing the largest waves and learning New Zealand's unique culture.

#### ANDREW GRAY - COMPOS, BRAZIL

Seems only yesterday that Andrew was saying to us, 12 weeks until I leave! Now we, his family are saying, he will be home in 12 weeks!

March "This is my first day in Brazil, and I think I will love it.

Auckland to Buenos Aires flight was very tiring and boring, even with all the good company and food. Arrived Buenos Aires, temp was thirty nine degrees. Waited in transit for an hour then a 3hr flight to Sao Paulo. By this time it was misery; we were so tired we laughed!

Reception at Sao Paulo was amazing. About 1000 AFS people there to meet us. All trying their English on us, certainly made us feel a lot better. Spent the night in Sao Paulo in a posh hotel, where we were treated to all the food and drink we could eat! Sao Paulo to Rio more waiting and then late in the afternoon finally onto Campos to be met by my family, the Nasicmento's. I was so tired all I could do was smile and hug everyone. My house is pretty good; has a swimming pool, but the property is surrounded by a 7ft steel fence with locked gates and bars on the windows.

2nd Letter Carnaval - is over, it's kind of a shame, and kind of a relief. Carnaval is amazing; it would take pages to describe, more or less a nation wide party which fills the streets with people, dancing, singing, playing instruments, drinking, eating, selling their wares, playing the fool, etc. etc.

3rd Letter Not much to say at the present, except that being over here and seeing the poor has already made me realise that I am a very lucky and well off person. Proud to be a Kiwi and very grateful for my family I have in NZ.

4th Letter Went to school today to sort out my course. 14 subjects wow! The school is fairly new, but yet again surrounded by security fencing and armed guards on the gates - often searching school bags. They have put me in with the 14 & 15 year olds which makes me a bit unhappy (don't worry). Also the physic teacher wasn't happy with me because I didn't do some exercise that I didn't understand in Portuguese and I wouldn't understand in English anyway. Week later have been put into 2Y today, with students more my age. So it starts all over again making friends!

Gaining trust with my family - they are all good to me and my Portuguese is getting better, but still a long way to go.

When I was in Rio, I was talking to a girl in a Music shop, she knew I wasn't a Carioca (person from Rio) but she didn't think I was a foreigner, she thought I was from Sao Paulo - so you can see I don't feel so out of place any more and I am really happy and living here is really easy now."

5th Letter It's so hard to describe what is happening around me and it's all so different. Please tell students going away it's something they must realise that nothing, nothing is familiar. The people and language are different, food, smells, ways of doing things, you don't know your way around the city. Realise nothing is familiar.

6th Letter Brazil juniors won their World Cup in Soccer. I felt so happy it was unbelievable.

Claudia (sister) nearly knocked back with joy. It was like watching the All Blacks winning the World Cup. Also today Marcelo's wife is in labour and my family said "You are going to be an uncle"! My family are so good and helpful and my Ma (Mother) is interested in the things I am doing here and what is happening with you at home.

7th Letter I have been here 4 months, more than 1/3 of my time, hard to believe really. Today is the start of the 1st normal day of school in nearly a month. For the last 4 weeks there have been strikes, disruptions and holidays. The reasons I am not 100% sure but I know I don't mind. Have been spending my time surfing, writing letters, reading, listening to music, relaxing and eating.

8th Letter About 8 o'clock in the morning and I am in my Physic class, ugh! Hence the letter writing. It's officially winter now, but the sun is shining and it's about twenty degrees Centigrade. I am working on a winter suntan and go surfing in shorts and T shirt (no wet suits in Brazil).

Brazil is an amazing country, the people are so friendly and laid back, but also there is a great hunger for the USA dollars and working conditions aren't easy. I feel the rich get richer and the poor just dig a hole to get poorer; the slums are something I could never have imagined. (Sorry Marcos)

Brazilian night life starts well after the sun has gone down and even formal school functions start at 11pm and go on until day break.

It's not the typical NZ booze party; the Brazilian just love to socialise. How will I adapt to NZ hours? No wonder you think NZ is black at night, Esteban.

Latest Letter...Sept. I have been very lucky and have done a lot of travelling. Our AFS President is young and a returnee, so is keen for us to see and do as much as possible.

I hope to become involved in AFS when I return to NZ and give back to AFS a little of what has been given to me.

I'm one of the minority that hasn't changed families - my brother Rogerio - is a brother, friend and father to me and will go beyond the point of duty for me. I am so lucky.

My Portuguese is pretty good now and I can more or less read a newspaper, watch a video and last week I started reading a book. Have no problem holding a conversation with a small group of people, but still get lost in big crowds!

**HOLA A TODOS!!!**

Hello everybody!!! My name is Esteban Bravo and I come from a small city in the North West of Argentina. Its name is San Miguel de Tucuman and it is known as "The Garden of Argentina" because it has a splendid spring full of flowers. At that time of the year, you can find days over 30 C or 40 C and the streets are full of orange trees with flowers.

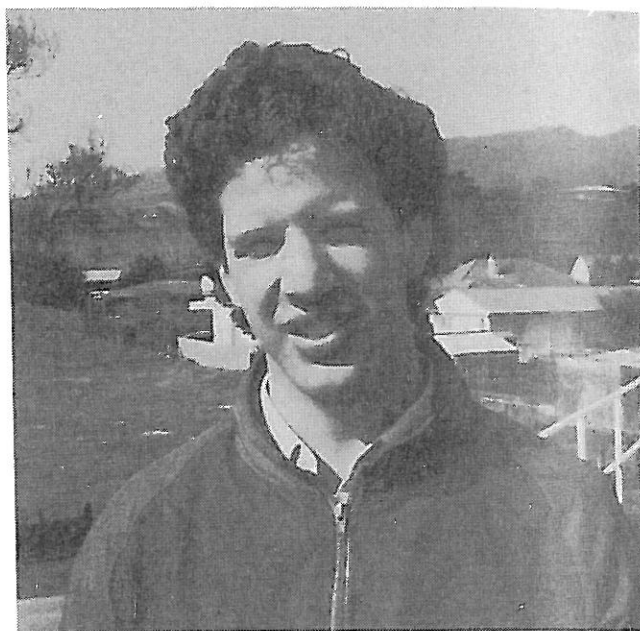

My school, in September, organises the "Student's week" with many types of competitions between different schools.

My school starts at 7.00am and I have 11 compulsory subjects. Usually it finishes by 1:15pm and in the afternoon I go to a club to do sport. I used to do my homework at my friend's house and we studied all together. In the weekend I used to go to a disco with my friends and go back home in the morning.

I'm spending this year in New Zealand to help broaden my own life because day by day I'm doing a reflection of what I'm doing here and what I did in my own country.

Not everything is perfect. I'm not happy every-day, but most of the time I am learning new experiences.

### **SURFING**

Taranaki's annual schoolboy Surfing Champs hit a high point for Francis Douglas surfers this year. Strengthened by the introduction of sponsored Waitara surfer John Michael Noble and good performances from Tony Williams and Lucas O'Reilly, Francis Douglas College surfed to a very creditable 3rd place. Well above their expectations. The contest held on 1 foot dribble at New Plymouth's beach was the most poorly organised for many years but still went about without many hitches. Francis Douglas riders were represented in all levels of the competition.

Under 18 surfers: John Michael Noble, Grant Walton, Ngati Pittman. Under 16 surfers: Lucas O'Reilly, twin brothers Jamie and Patrick Stieller and body boarding Tony Williams.

All students surfed well with John Michael, Lucas and Tony coming 3rd in the final of their selected event. With John Michael and Lucas achieving Taranaki selection it showed the amount of effort and pride that surfers competed at. With better organisation and hopefully better surf conditions the competition will once again be represented by the up and coming surfers of the College next year.

## OTHER SPORTS

### SKI REPORT - 1993

It all started very early on the morning of Saturday, September 17th. The team (Tim Sullivan, Richard Christie, Jeremy Burn, Mathew Phillips, Michael Fitzgibbons and Esteban Bravo) were to meet up at school at 5:30 that morning.

Most of us got there on time, and so we set off at about 5:50.

With only one or two stops on the way, we arrived on the mountain at about 9:30 am. That day (Saturday), we skied on the Whakapapa side of the mountain. We skied until as late as we could (about 4:00), and then the team went and stood in the cold and wet outside the van, waiting for the man with the keys - Mr Hill.

Mr Hill finally got there about half an hour later, and then we travelled to our accommodation in Ohakune - the Alpine Lodge Motel.

The next day (Monday 19th) the competition began. That day's racing consisted of only the slalom. Our two Junior Men skiers did the best, with Jeremy and Mathew coming 49th and 68th respectively. The Senior Men didn't do so well, but everybody made it down, so everybody got some points for the team.

That night there was a dance for all the teams. It was a lot of fun.

The next day (Tuesday) was a day where everybody raced. The guy ranked one above or one below him from the day before. Our team recorded four losses and one win - to Tim Sullivan - although some of us (maybe more than one of us) were unlucky to be racing a brilliant skier who had been unlucky enough to be picked for a spot prize.

When we got back to the motel after the prize giving, the team and our Dutch friends went to the motel restaurant. By the end of our time in the restaurant, Mr Hill appeared to be enjoying himself more than he normally would. He said it was the good company and good food.

The next day was a 'fun day' for all teams. It was made up of events like 'Sliding Saucer', in which our team did well - we were second in our heat, which wasn't quite good enough to qualify for the finals. We beat Sacred Heart though which was what we were more concerned with in our heat. After the 'fun day' we got in the van (everyone was on time for the first time, including Mr Hill for the first time) and drove home. Everyone was a little bit knackered, and although the skiing had been good, we were quite glad to get home.

## HOCKEY

1993 saw the introduction of Hockey within the College once more. A group of 17 boys from Form 1 through to Form 7 signed up for the one team. What a challenge for the coach and manager!! The team entered the Taranaki Secondary Schools' Competition. One hitch was that because the College did not have a field, the team had to travel to all games. Thanks to the many parents who supported the boys during the year. Much potential was shown during the season and many players improved greatly. Two victories stand out - the first when FDMC defeated Hawera 5-0 and the last when FDMC defeated NPBHS 2-1. Thanks to Mr Fred Stones the coach, Peter Hopkins captain, Mrs Janis Little assistant coach, members of team, our drivers and supporters.

## JOHN MITCHELL - FDC 1ST ALL BLACK

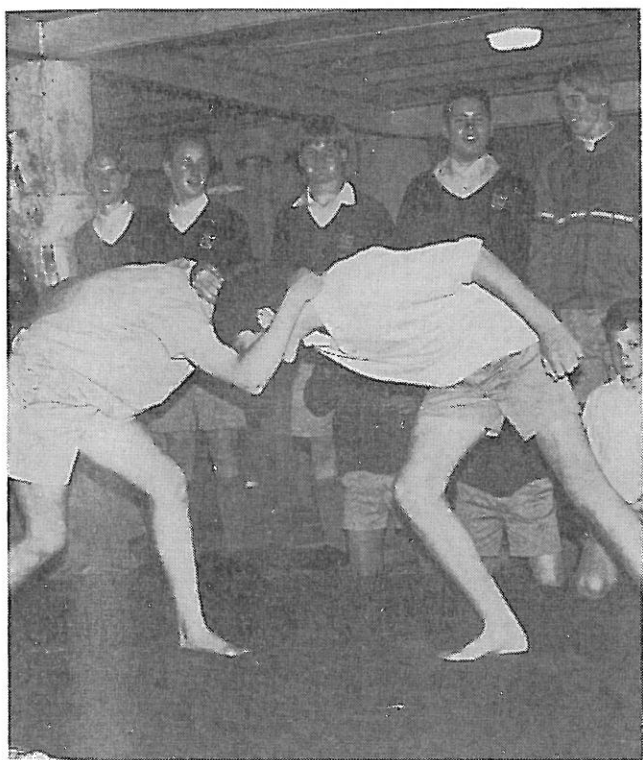

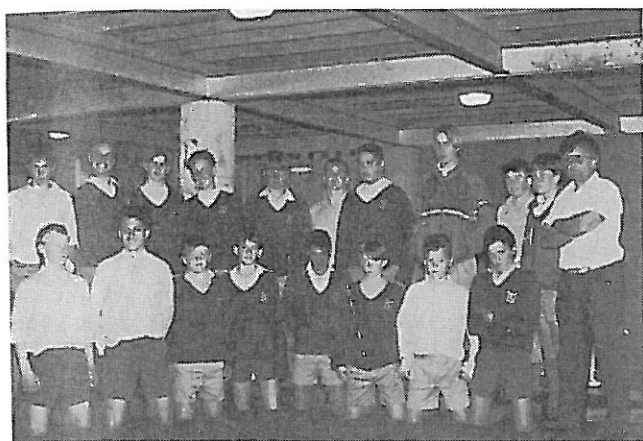

I was dozing in front of TV when they began to announce the All Black team to tour UK. With Mark Allen's name mentioned I quickly came to my senses and was wide awake when John Mitchell was announced. I ran around the TV room three times then out to inform the others. They did not share my excitement. Quick phone calls to Leo Walsh, Brendan O'Neill and John George were met with much more enthusiasm and congratulations.

John's rugby career at FDC had been mainly under my guidance. 1977-78 John played 7th Grade both years. 1979-80 he was playing Senior Basketball so rugby was a No! No! Most Saturday mornings he was seen playing rugby with 6B or 3rd XV (unofficially of course).

1981 was my first year coaching 1st XV and that year John as a seventh former chose rugby as his priority winter sport. It turned out to be the most successful team of the post Leo Walsh era and John contributed significantly to its success as lock. Other senior representative players from that team were Kelvin Mahon, Craig Taylor and Kevin Barrett all playing for Taranaki in many games while John has been Waikato Captain winning National Championship last year and Ranfurly Shield this year.

We wish you all the best John for the future.

### **"OLYMPIC WRESTLING"**

The year of 1993 showed there is a lot of wrestling promise at Francis Douglas. Not only have a large number of third and fourth form students taken the opportunity to learn a new sport but Francis Douglas has its first wrestling mat, thanks to the generous donations of carpet, underfelt and the loan of a wrestling canvas.

The experience and guidance of Ricky McNeil and Matthew Wenn gave both confidence and competence to the skills of the newer wrestlers.

The challenge against the USA team, Oregon, was both exciting and tough. Even though we were defeated, everyone benefited from the experience.

Our thanks goes out to you Mr Kibby. Without your persistence and encouragement wrestling wouldn't maintain the following that it does.

Finally, I would encourage all wrestlers to take any opportunity to further your wrestling. My opportunity came when I got the chance to represent FDC at the New Zealand Secondary Schools Wrestling competition in Rotorua.

#### NZ INTER-PACIFIC REPRESENTATIVE TEAM

The New Zealand Pony Club Association takes part in a bi-annual Inter-Pacific Competition where teams from New Zealand, Japan, Hong Kong, Australia, America and Canada compete.

To be selected for the Inter-Pacific team is one of the major goals of New Zealand Pony Clubbers.

In December 1992 I sat and attained my "B" Certificate, making me eligible for selection to the Taranaki area. At this selection then candidates were put through a thorough 30 minute interview with a panel of five people, who tested our knowledge on New Zealand and Canada.

Next we then had to ride a different horse in dressage, show jumping and cross country and examiners watched us to see how we coped with these horses.

After all of this was finished the selectors announced one boy and one girl to represent Taranaki at the New Zealand selection in Christchurch. Chosen was Julie Withers and myself as Taranaki representatives.

In mid February Julie and I flew to Christchurch for selection where we joined 27 other candidates, who had been chosen from other parts of New Zealand. Whilst in Christchurch we were billeted with other Pony Club families.

At National selection we had to go through another 30 minute intensive interview with a panel of three this time, we also had to go through the same riding process, riding different horses in the three different phases. Once this was completed we then went back to our billets place and got ready for a dinner on the Saturday evening, where the team would be announced. There were 11 boys and 18 girls trying out for a 5 person team to go to Canada in July.

The time had now come when the selectors would announce the team. The whole 29 of us stood while the team was being announced, and my nerves started to turn while four other names had been read out. My name was the last to be called out.

The team to go to Canada was Matthew Bates (19), Julie Withers (19), Melanie Dudding (20), Amanda Brown (20) and Blair Richardson (17).

With "selection" over, we then had the task of fundraising for the trip. Julie and I were very lucky to have an area like Taranaki who really helped us with the fundraising task.

The team was joined by Mr & Mrs Wood of Auckland. They were to be our Coach and chaperone while away.

In Canada we met up with all of the other teams. We had a show jumping competition in Calgary where we were placed 4th and the home team was from here. All the teams got on a bus and toured Alberta and the British Columbia regions. In Langley of British Columbia we had another event.

This time we had to do dressage, cross country and show jumping. Once again the home team was too strong and the New Zealand team had to settle for second place.

While on the trip we had to do an event called a tetrathlon which involves running, shooting, swimming and show jumping. We were put in mixed teams for this (one person from every country). My team was the winning team for this competition.

In early August we were homeward bound, with memories of the helpfulness and friendliness of the Canadian people and the fondest memories of the friendships made with the other team members.

The Inter-Pacific exchange was a trip of a life-time.

#### **BENILDUS**

The year 1993 has been a successful one for Benildus. The two major events of the interhouse competition have been the proof. The Athletic competition was somewhat a close affair. Benildus at the end of the day having to settle for a might and well deserved fourth.

The swimming improved Benildus' morale and team spirit. In perfect conditions we took out the title of Swimming Champions for the fourth consecutive year. This owed much to the credit of the organisation, participation and far superior all round swimmers.

The 15 aside rugby competition was a close show with us eventually coming fourth. Thanks for the organisation from our house convenor Mr Blanks and to the house vertical form teachers for the organising, also to fellow senior house members for their morale boosting assistance. Greatest thanks goes to the guys for their participation. Best of luck for the future Benildus.

JUSTIN MARINOVICH

#### **LA SALLE**

This year has been a mixed bag for La Salle. At the beginning of the year, high hopes were held, and although some achievements were a bit lower than expected, La Salle held their own and turned in some great performances, both by teams and individuals.

Traditionally La Salle have been one of the swimming strengths of the school, but the wheel has well and truly turned, with La Salle finishing a comfortable 4th, but by no means disgraced. That seemed to act as a spur for the following Athletic Sports, with La Salle showing their true grit and strength to finish a close second to Solomon. This was La Salle at its best, participation was up on last year, which proved crucial, and some top individual performances saw La Salle move up well clear of third.

La Salle also participated in the House Rugby Tournament, which was a great experience for our players, because we ended up defeating Solomon by 7 points to 5 in the final, despite losing to Solomon in the semifinals (in extra time). This was a tremendous effort, and there is plenty of rugby depth for the future and for the school.

La Salle also turned out to assist in the Save the Children collection, and there was a very good turnout, which made for a successful collection. Overall, La Salle have had a successful year. I have thoroughly enjoyed the honour of leading La Salle, it has been a very worthwhile experience. I would like to thank the vertical form teachers and leaders, House Convenor Mr D'Ath for his encouragement and support, and especially the students of La Salle, for making the task of leading La Salle an experience I will look back on fondly..

Thanks also to the other house leaders, Justin, Daniel and Shane, who ensured that the competition always remained fierce between the houses. I'd like to also thank Chris Campbell, for his assistance this year, in athletics, swimming, and especially his rugby knowledge and judgement which proved fruitful, as we won the house rugby tournament.

Also, to Mr George, his organisation was great, and it enabled my job so much easier during the sports events.

To the students, keep up the participation, and the rewards will come, hopefully in larger quantities than this year.

To next years' La Salle Captain, whoever he may be, and all aspiring La Salle leaders out there, I see a bright future for La Salle, and I'd like to think that La Salle will perform even better next year. Best of luck for the future.

SAM RICHARDSON

## LORETO

It has been an average year for the mighty Loreto, with great efforts coming from all the participants in the many different inter-house sports competitions. Although Loreto had the least numbers in its ranks it managed to gain the most participation points in a lot of the events.

The year started with the swimming sports. It was a beautiful day and although we had started the day in last position, the first update of the score brought news that Loreto had hit the lead. Due to some outstanding swimming our up and coming juniors we held on to the lead until after lunch. Unfortunately by the end of the day we had slipped to third place, 12 points behind Solomon.

The next event on the sporting calendar was the athletic sports. Once again great efforts by our juniors put us in the lead early on in the competition but our position soon dropped and once again at the end of the day we were in third position.

Third seems to be the place destined for us this year, for after an unlucky loss to La Salle in the semi-finals of the house rugby this was where we were placed.

I would like to thank Mr Kibby, Loreto house convenor, for the support he has offered over the year. Also thanks to the other teachers who support Loreto and a special thanks to the Loreto seniors who have helped organise different things throughout the year.

The year holds some great memories for the Loreto house. I'm sure it will be a while before anyone will forget Thomas Friis, the "flying Finn" who had the ability to motivate any one with his loud voice and heartening chants.

Although we didn't have any victories this year the way in which our juniors cut up their competition is a very confident sign for the future. Finally I would like to wish next years house leader, house convenor and all Loreto house members the very best of luck and every success for 1994.

## SHANE DEATH

## SOLOMON

Solomon House tenaciously attached 1993 with the same steadfast and indefatigableness seen in 1992. The proud "RED" men of Solomon with effort, unity and determination all gave themselves in the true tradition of Br Solomon, martyr during the French Revolution.

The year's first event, the swimming sports saw the trend of the last few years continue. A deceiving slow start followed by a grim determination to save face, and when the waters settled second place yet again behind Benildus. With boosted morale and discovery of injected sporting ability into the ranks, the 'RED MACHINE' steamrolled all-comers to take a clear, decisive and all conquering victory in the athletics. I commend every Solomon member on their commitment to participate which undoubtedly was the key to this success.

After such an outstanding start to the year success bred success, and the 'RED MACHINE' kept on rolling with another exceptional win of the cross country in 2nd term.

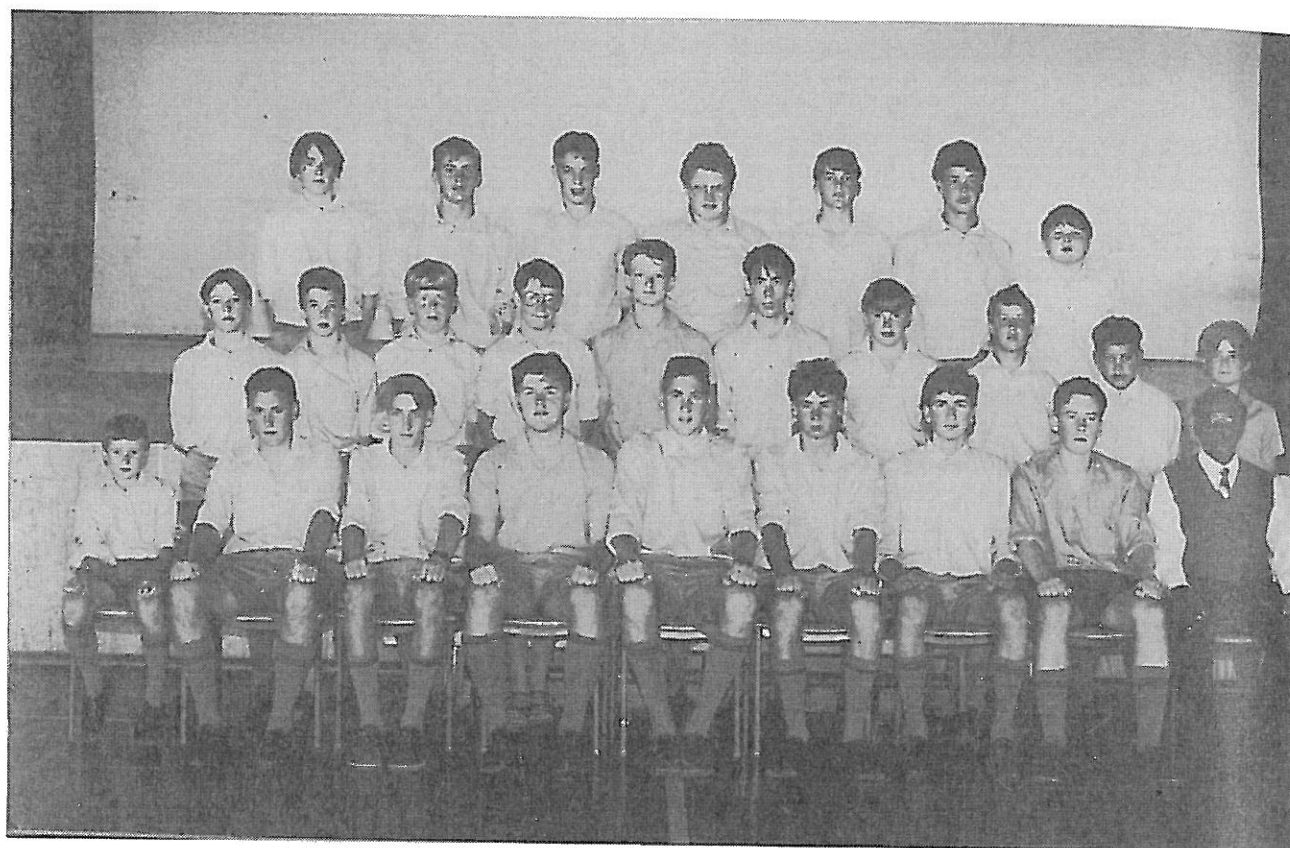

Brandishing the amount of talent Solomon had in the rugby department another victory was in sight, but it was not to be with the 'REDS' going down narrowly to La Salle in a close fought inter-house rugby final.

Having praised Solomon's sporting efforts this year, one must not overlook the cultural and academic aspects of college life. These departments have seen prominence of many Solomon men who enhanced their talents and enjoyed what Francis Douglas College has to offer. But it must be made clear that organising events so that they can run smoothly and successfully depends on the input of many people so that success can be obtained. For this a huge vote of thanks must go to Mr McMorran, House Convenor, Br Geoff and Mr Murphy, Br Robert, Mr Malin and Mrs Ryan. Also the efforts of the senior students who have been there at my side are immensely appreciated.

Finally, it was a great pleasure and honour to lead such a worthy band of champions. It has been an unforgettable year and all the best to Solomon House for the future. Good luck.

DANIEL KUKEC
