GYM AUDITORIUM PROJECT UPDATE

21ST OCT- 1ST NOV 2024

The gym/auditorium project is moving forward steadily. Here is a very quick update.

Anchortech, specialists in earth retention, have started work onsite and will begin stabilising the bank next week through their anchoring processes. As you can see by the visuals included, excavation of the hill to lower levels is progressing well, aided by favourable weather conditions. Preparation for reinforcing steel on the level 1 foundation beams will commence on Monday.

We appreciate your ongoing support, and if you would like to donate, please contact Jorgia Roebuck at jorefdmc.school.nz for more details.

Tim Stuck - Principal
